PART I GENERAL

Proceedings of the Government of Mysore.

READ THE FOLLOWING PAPERS—

(1) Letter No. 257, dated 23rd October 1897, from the Superintendent, Mysore Revenue Survey, requesting that the sanction of the Bombay Government may be obtained to the increases granted to Balaji Malhar Naik from Rs. 60 to Rs. 70 and Ramachandra Krishna Belgaumi from Rs. 35 to Rs. 45 from 1st October 1896, in accordance with the usual Departmental custom, for long service and responsible duties.

(2) Letter No. 5552, dated 31st December 1897, from the First Assistant to the Resident in Mysore, stating with reference to this office letter No. 5383—P. F. 297-92, dated the 11th November 1897, that the increases of pay should not have been granted before the necessary assent of the Bombay Government was obtained; and enquiring what was the original pay in foreign service of the officials in question and whether they were granted any previous increase of pay, &c.

(3) This office letter No. 10330—Pol. F. 297-92, dated 24th February 1898, to the First Assistant to the Resident in Mysore, forwarding copy of a statement received from the Superintendent Mysore Revenue Survey, showing the original pay of Balaji Malhar Naik and Ramachandra Krishna when transferred from foreign service and the increase of pay since obtained by them in the Mysore State, and adding that the Survey Superintendent has given orders to stop the increased pay of the two officials in question pending the receipt of sanction from the Bombay Government.

(4) Letter No. 4037—669-87, dated 15th August 1898, from the First Assistant to the Resident in Mysore, stating that at the instance of the Bombay Government, the Government of India have confirmed the action of the Darbar in granting the non-pensionary increases of pay under correspondence to the two officials in question from 1st October 1896, and stating that the increased pay which is reported to have been stopped, can now be disbursed to the officials in question.

No. 3193-94—P. & A. 253, DATED BANGALORE, 6TH SEPTEMBER 1898.

ORDER THEREON.—Communicated to the Superintendent, Mysore Revenue Survey, and the Comptroller to the Government of Mysore for information and needful action.

C. SREENIVASTENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Superintendent, Mysore Revenue Survey.
The Comptroller to the Government of Mysore.

Read—

Letter No. 867, dated the 2nd September 1898, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

I have the honor to acknowledge receipt of the Proceedings of Government and Order Thereon No. 2498-502—Mis. 597, dated 23rd August 1898.

In para 3 of the Proceedings the Government say that the Deputy Commissioner should have placed himself in communication with the Senior Surgeon in regard to suggestions made in paras 6, 7, 9, (first part) and 10 of his letter.

2. In reply, I write to say that the suggestions contained in these paras were the result of our visit to the Gold Fields, and that, but for the out-break of Plague the day after my return, I had intended addressing Government on these very points.

3. With regard to para 6, I think, it is quite time that Government came to some definite conclusion as to the needs of the Kolar Gold Fields. Out-break after out-break of cholera occurs and yet no definite action has been taken; and in a place like the Gold Fields, I consider that a permanent Epidemic Disease Hospital is absolutely necessary with a fixed establishment and appliances, that is, disinfecting apparatus, &c.

4. With a man like Mr. Hume Wright as Special Magistrate, on who spare no pains in working after sanitation, I am of opinion that a hospital, as asked for, would be well looked after.

Proceedings of the Government of Mysore,

5. At my visit to Ooregum with Mr. Hume Wright some two months back, I inspected with him the Ooregum village and I then expressed it as my opinion that a certificated Sanitary Inspector was essentially necessary. Mr. Hume Wright pointed out to me one of the Sanitary Overseers, who, he said, did excellent work; the man had passed his Matriculation and so I recommended that Government should be asked to sanction his being sent to Madras to take the necessary course, and I think this has been done. This man might well be appointed whole-time Sanitary officer when he passes his Examination: and if placed under the orders of the Special Magistrate, could easily attend to the sanitation of Ooregum and other villages and the cholera camp. I do not think a whole-time Hospital Assistant is required for charge of the camp; as the Hospital Assistant in charge of the proposed L. F. Dispensary could, until an extra hand is sent, look after any cases of cholera in the Epidemic Hospital.

6. I quite agree that the opening of a L. F. Dispensary at Ooregum is advisable and if Government approve of the suggestion, I shall arrange to depute a Hospital Assistant.

No. 3382-85—Mis. 898, DATED BANGALORE, 9TH SEPTEMBER 1898.

ORDER THEREON.—The opening of an Epidemic Diseases Hospital at the Kolar Gold Fields with a fixed establishment and the requisite appliances, such as a disinfecting apparatus, &c., and of a Dispensary at Ooregum are sanctioned. The Senior Surgeon is requested to entertain at once the establishment required for these institutions and obtain the appliances necessary, and submit for the sanction of Government a statement of the cost involved.

2. A Hospital Assistant may, as proposed, be deputed for charge of the Dispensary to be opened at Ooregum, and required to look after any cases of cholera in the Epidemic Hospital, until an extra hand is sent.

3. The deputation to Madras of Sanitary Overseer Rajagopal Mudaliar to undergo a course of training in Sanitary Science has been sanctioned in Proceedings No. 3359-60—Mis. 832, dated 9th September 1898. On his return with a certificate of qualifications he may be appointed whole-time Sanitary officer, and placed under the orders of the Special Magistrate, Kolar Gold Fields, to attend to the Sanitation of Ooregum and other villages, and the Cholera Camp.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

The Deputy Commissioner, Kolar District.

The Plague Commissioner in Mysore.

The Comptroller to the Government of Mysore.

READ—

Annual Report on the working of the Stationery Department for the year 1896-97.

No. 3574-610—Mis. 934, DATED BANGALORE, THE 13TH SEPTEMBER 1898.

ORDER THEREON.—The value of the Stationery stock on hand at the beginning of the year under report was Rs. 43,726-14-8 and that of the receipts during the year was Rs. 85,960-15-5 making a total of Rs. 1,29,687-13-8 while the cost of issues was Rs. 85,238-10-10, leaving a balance of stock at the end of the year of the value of Rs. 44,449-2-10.

2. The value of issues to Public Offices during the year was Rs. 41,038-5-7, that of paper, &c., supplied to the Press on account of *Gazette*, Government Proceedings, Educational Works and Forms was Rs. 42,177-9-9 and that of the articles issued to some of the Municipalities was Rs. 1,006-1-7, amounting in all to Rs. 84,222-0-11 against Rs. 90,642-2-2 in 1895-96, showing a decrease of Rs. 6,420-1-3.

3. The cost of issues increased in the case of the offices coming under General Administration, Law and Justice (Judicial and Registration), Medical, Public Works and Military, while the charges under all other Departments showed a decrease. It is hoped that under the Revised Rules recently issued with Government Proceedings No. 12810-45—Mis. 2715, dated 1st April last, the requirements of the various offices will be carefully scrutinized and strict economy enforced in the expenditure of Stationery by all Heads of Departments.

OFFICIAL MEMORANDUM.

All work connected with the Monthly Proceedings of Government in the several Departments of the Secretariat will be executed in the Secretariat Branch Press in the Public Office Buildings, which will also be utilized for printing any other papers of importance, which, under the orders of the Secretary in the General and Revenue Departments, may be sent to the Foreman in charge.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent, Government Press.
The Secretary to Government, General and Revenue Departments.
The Secretary to Government, D. P. W. and Railways.
The Secretary to Government, Geological Department.
The Secretary to Government, Muzrai Department.
The Military Assistant to the Government of Mysore.

No. 1087-123—Mis. 1022, DATED BANGALORE, 22ND SEPTEMBER 1898.

ORDER.—Owing to the prevalence of the Plague in parts of the Bombay Presidency and in the City of Bangalore, the Government deem it necessary to adopt special measures for the protection of the City of Mysore during the approaching Dasara. In addition to such regulations as may hereafter be determined upon regarding visitors from other parts of the State and from neighbouring Districts of British India the Government resolve to dispense with the Meeting of the Assembly of Representative Raiyats and Merchants at the Mysore City during the current year. In lieu of such a Meeting the Deputy Commissioner of each District will hold a Meeting at the Head-quarters of his District on 1st November 1898 and the following days of the Members of the Assembly residing within his District. At this Meeting the Deputy Commissioner will cause to be read the Dewan's Annual Address which will be sent to him beforehand for the purpose, and he will then call upon the Members present for an expression of their views on the various subjects of general or local interest which they desire to be submitted for the orders of Government. After the conclusion of the Meeting the Deputy Commissioner will draw up and forward to Government a Report of the Proceedings together with a brief record of the opinions of the Members and of himself on the various questions discussed. These reports will receive the most attentive consideration of the Government and orders thereon will be issued and published in due course.

In the conduct of the business of the Meetings at District Head-quarters ordered above, the Deputy Commissioners will conform, as far as possible, to the procedure followed at the Annual Meetings of the Assembly at Mysore. The lists of subjects for discussion received at the Dewan's Office from the various districts will be compiled and printed in the usual form and copies of these will be forwarded to the Deputy Commissioners, who, in their discretion will be at liberty to allow the discussion of any subjects not included in these lists.

The Deputy Commissioners are requested to give wide publicity within their districts to the above arrangement for this year's Meeting of the Assembly. Very early intimation thereof should be given to the Members.

The Heads of Departments for information.

Proceedings of the Government of Mysore,

READ AGAIN—

Government Proceedings No. 15816-51—Mis. F. 15-96, dated the 4th June 1898, issuing Revised Regulations for the occupation and preservation of travellers' bungalows in Mysore.

READ ALSO—

Letter No. 226, dated the 16th August 1898, from the Deputy Commissioner of the Mysore district, requesting instructions, with regard to the proper mode of calculating fees for the joint occupation of travellers' bungalows.

No. 4159-95—Mis. F. 15-96, DATED BANGALORE, 23RD SEPTEMBER 1898.

ORDER THEREON.—The correct rule of calculation, where more than one person occupy the same room in a travellers' bungalow is as follows:—

First determine what fee would be payable by each person, if no ground for exceptional treatment existed; then make the necessary allowance in respect of that particular person who is entitled to exceptional treatment; the result will indicate the fee payable by each.

- (1) Thus taking the case of an officer drawing Rs. 200 and under and halting at a third class travellers' bungalow along with his wife, it will be seen that, while the latter must pay 3 annas per diem, the former need only pay $1\frac{1}{2}$ annas for the same period.
- (2) Where two Government officers drawing not more than Rs. 200 each occupy the same room in a bungalow, say, of the third class, each would pay $1\frac{1}{2}$ annas per diem.
- (3) Where none of the joint occupants is entitled to the concession allowed by Rule 6, each will pay 3 annas per diem.
- (4) Where one of them is entitled as aforesaid but the other is not, the fee will be $1\frac{1}{2}$ annas and 3 annas respectively as in case No. (1).

2. The Deputy Commissioner, Mysore, is requested to dispose of Mr. Theobald's case in accordance with the above observations, which will also be communicated to other Deputy Commissioners and to all Heads of Departments for information and guidance.

C. SREENIVASIENGAR,

Letter No. 974, dated 30th April 1898, from the Deputy Commissioner, Tanikur district.
No. 4214-22—P. & A. 347, DATED BANGALORE, 23RD SEPTEMBER 1898.

ORDER THEREON.—With the letter read above the Deputy Commissioner sub-

- | | |
|---|---|
| <ol style="list-style-type: none">1. Travelling allowance bill of the establishment of the Deputy Commissioner for the month of December 1897.2. Do of the 1st Assistant Commissioner for December 1897.3. Do of the Deputy Commissioner for January 1898.4. Do of 1st General Assistant Commissioner for February 1898.5. Do of the Deputy Commissioner for February 1898. | <p>mits certain correspondence between himself and the Comptroller <i>ancut</i> the interpretation of Article 565 of the Mysore Service Regulations, together with the marginally noted travelling allowance bills of his office establishment including mileage for officials who proceeded on Jamabandi duty.</p> |
|---|---|

2. The principal contention of the Deputy Commissioner is that the concession granted in Article 564 of the Mysore Service Regulations, which permits mileage for short road marches made in continuation of railway journeys, on one and the same day, is not affected by the nature of the work on account of which the journey is made, and that it applies to all officials unconditionally whether on Jamabandi duty or otherwise.

General, dated 23rd September 1898.

3. The Government are disposed to concur in the view taken by the Comptroller that Article 564 is inapplicable to establishments engaged on jamabandi work. Articles 561 to 564 lay down certain ordinary rules in regard to the grant of mileage and Articles 565 to 568 certain exceptions to those rules, and it is clearly laid down in Article 565 that "establishments accompanying Officers engaged in jamabandi are not entitled to mileage."

4. There is not much in the Deputy Commissioner's attempt to differentiate between "Officers engaged in jamabandi and Officers leaving their head-quarters for the purpose of conducting jamabandi or returning thereto after the jamabandi is over."

5. In the case of the bills submitted with the letter cited above, if full explanation of the circumstances under which expeditious journey was ordered cannot be offered, as required by Government Proceedings No. 696-704—G. 231, dated 12th July 1893, the mileage claimed has to be disallowed. The bills in question are therefore returned.

Letter No. 1286, dated the 25th August 1898, from the Plague Commissioner in Mysore, submitting for sanction a proposition statement received from

	Per mensem	Rs.	
2 Second Class Darfars at Rs. 14 each	...	28	ting for sanction a proposition statement received from the Deputy Commissioner, Kadur district, for an additional Police establishment as noted on the margin, on the ground that the duty of escorting passengers arriving from Plague infected tracts to their destination has become heavy at Kadur and Birur.
1 Lance Dafdar at Rs. 12	...	12	
11 First Class Constables at Rs. 8 each	...	88	
1 Second Class Constable at Rs. 7	...	7	
Total	...	135	

Enclosures of the above.

Extract from the Kadur Deputy Commissioner's letter No. 145, dated 23rd July 1898.

* * * * *

3. Now that Plague has established itself in Hnpli, the stringent measures adopted there have been the cause of adding to the number of daily arrivals from that and other infected places at the Railway Stations between Kadur and Sivane.

4. The duty of escorting passengers to their destinations falls heavily on the Kadur and Birur Stations and in Ajjampur also the number of daily arrivals is on the increase.

5. It is therefore found difficult to provide men for purposes of escort, without adequately strengthening those stations and providing funds to meet the recurring charges on account of transit fare to constables travelling daily on escort duty between Kadur and Chikmagalur and Birur and Shimoga. With a view to enable the Police to pay transit fare, I have placed, in anticipation of sanction, an imprest of Rs. 25 at the disposal of the Kadur Inspector out of the advance of Rs. 1,000 sanctioned by Government in Proceedings No. 10286-S—Mis. F. 21-96, dated 25th February 1898, for Plague prevention purposes. This imprest will be recouped from time to time on presentation of vouchers by the Inspector. This imprest has to be raised to Rs. 50.

6. As regards the additional Police force required to carry out the Plague Commissioner's orders, I submit a proposition statement for your approval and for obtaining early sanction of Government to the entertainment of additional hands applied for by me.

7. The reasons for the proposed increase are fully set out in the remarks column of the statement overleaf.

KADUR DISTRICT.

Proposition statement for the increase of Force for Plague duty.

* The Constables escorting passengers from Kadur and Birur go direct to Chikmagalur and Benkipur by transit and return the next day. Two extra men are required daily to relieve them. For passengers going to other places than Chikmagalur and Benkipur separate escorts have to be provided, one Dafadar and one Constable will attend the trains and take charge of passengers to be subjected to Medical inspection or observation. They will also look after the Plague sheds. The same arrangements, though on a small scale, have to be made at Ajampur, Devanur and Sivane.

[NOTE.—The present monthly cost is Rs. 72. The cost of the proposed scale will be Rs. 207 or Rs. 135 more than the amount already sanctioned.

No. 3093-95—Mia. F. 21-96, DATED BANGALORE, 3RD SEPTEMBER 1898.
ORDER THEREON.—The additional Police establishment asked for in the above, which involves a cost of Rs. 135 per mensem is sanctioned.

To—The Plague Commissioner in Mysore.
The Inspector General of Police in Mysore.
The Comptroller to the Government of Mysore.

General (Plague), dated 4th September 1898.

No. 3097-3102—Mis. F. 21-96, DATED BANGALORE, 4TH SEPTEMBER 1898.

ORDER.—For purposes of Plague Administration the City of Bangalore will be divided into such number of wards as may from time to time be found necessary. To meet immediate requirements, it is now divided into four wards. Each ward will be in charge of a Civil officer to be styled "Ward Officer." He will be provided with a separate office within his ward, where he and his subordinates would be readily accessible to the inhabitants of the ward at all reasonable hours. He will be given such clerical establishment as the Plague Commissioner may consider necessary. The Plague Commissioner is requested to report the cost of the establishment required. The Ward officer will be assisted by a Medical officer of the grade of Assistant or Sub-Assistant Surgeon with two Hospital Assistants under him. The Senior Surgeon will tell off the Medical officers required. The Ward officer will also have a disinfecting staff of two disinfecting Inspectors with two gangs of coolies of ten men in each gang. He shall keep in some convenient place a sufficient stock of disinfectants. The Plague Commissioner is requested to report the monthly cost of the disinfecting staff for the various wards. The Ward officer will make arrangements at some convenient place for disinfecting the person and clothing of such persons as may have to undergo the operation under the Regulations.

2. Now that specially selected officers have been appointed "Ward Officers" the work of receiving reports from Supervisors under the supervision system may well be transferred to them. Until however they have acquired a knowledge of the locality and the people, Government will be glad if the gentlemen who have hitherto given their services freely as Superintendents in carrying out the supervision system at so much sacrifice of their time and convenience, will continue to receive reports from Supervisors, compile and send them to Ward officers with any remarks they may have to make on them. When they can be relieved of this duty, they will, Government hope, still continue to help the "Ward Officers" with their advice and co-operation in the arduous work that lies before them. Such help will be very valuable in enabling the Ward officer to maintain complete touch with the inhabitants of the ward. Similar help from the Municipal Commissioners would also be most valuable.

3. It is further desirable that in carrying out house to house inspection, for the efficiency of which the "Ward Officers" are responsible, they should secure the presence of the more influential residents of the locality, Hindus in the case of Hindus and Mahomedans in the case of Mahomedans, to go with the Supervisors, and with themselves whenever they take up any particular locality for checking the work of the Supervisors.

4. Another important work the "Ward Officers" should carry out as early as possible is the selection, with the advice and help of the Superintendents and of the leading men in each locality, of houses which may, in case of plague appearing in the locality be treated as houses in which "home segregation" could be permitted. They will also select for each street or mohalla one or more fairly commodious and isolated houses to which persons attacked with Plague in the street or mohalla but who, from the smallness of their houses or their close proximity to other houses, could not be treated in their own houses without danger of infection to others, could be removed and attended to.

5. (1) Mr. Sitaramaiva, Extra Assistant Commissioner, (2) Mr. Mahamed Jaffer, Assistant Superintendent of Police, (3) Mr. Badami Krishna Rao, Extra Assistant Commissioner, and (4) Mr. Gangaiya, Municipal Commissioner, are appointed "Ward Officers." Mr. Sitaramaiva, and Mr. Krishna Rao, will exercise Magisterial jurisdiction throughout the City.

Proceedings of the Government of Mysore,

6. When feasible hereafter, the Government propose to assign to some of the "Ward officers" duties connected with the execution of the scheme of City Improvement sanctioned in May last.

7. The services of Mr. P. M. Bowring and Mr. P. E. Benson, Sub-Assistant Conservators of Forests, have already been placed at the disposal of the Plague Commissioner for employment on disinfection at Railway Stations or other Plague duty. The services of Mr. H. Ramaiya, Naib Sheristadar, Dewan's office, are placed at the disposal of the President of the City Municipality for employment on Plague duty.

8. The following allowances and salaries are sanctioned:—

1. Mr. Leonard	... President of the Bangalore City Municipality.	A Plague allowance of Rs. 150 in addition to his pay as Municipal President.
2. Mr. Sitaramaiya	... } Ward Officer	A Plague allowance of Rs. 50 each per mensem in addition to the substantive salary of their appointments in Government Service.
3. Mr. Mahamed Jaffer	... }	
4. Mr. Badami Krishna Rao.	... }	
5. Mr. P. E. Benson	... Special duty under the Plague Commissioner ..	
6 Mr. H. Ramaiya	... Special duty under the President ..	
7. Mr. Gangaiya	... Ward Officer	A salary of Rs. 150 a month during his employment as Ward Officer, without loss of pension under Section 349 of the Mysore Service Regulations.

9. Special Plague duty allowances for Medical officers have been separately sanctioned in Proceedings No. 2840-43—Mis. F. 21-96, dated 30th August 1898.

10. The Plague Commissioner is requested to cause to be posted at conspicuous places in the City for general information and to be sent to the General Secretary for information of Government a list containing a brief description of the various Wards, the names of the Ward officer, Medical officers, Superintendents and Supervisors doing duty in each Ward, and the location of the Ward office.

*General (Plague), dated 10th September 1898.***READ—**

Letter No. 1518, dated the 5th September 1898 from the Plague Commissioner in Mysore, forwarding copy of his Inspection Notes at the Mysore City on the 3rd and 4th idem, and requesting that the Agent of the Southern Mahratta Railway Company may be addressed with a view to the construction of a temporary platform just above Veeranna's Lines, which are proposed to be utilized as a Detention Camp, &c.

No. 3429-31—Mis. F. 21-96, DATED BANGALORE, 10TH SEPTEMBER 1898.

ORDER THEREON.—The Plague Commissioner's proposal for the utilization of Sabukar Veeranna's Weaver Lines at Mysore City for a Detention Camp, has, it is presumed, been made upon the assumption that the property belongs to the Government. The property, however, does not belong to the Government, but belongs to Veeranna subject to a mortgage debt to the Government of Rs. 52,000. Separate orders have been passed this day refusing Veeranna's application that the Government should take over a portion of the property in full liquidation of the mortgage debt. These orders direct the foreclosure of the mortgage by means of a public auction. If, by purchase at such auction the Weaver Lines or any portions thereof become Government property, the Plague Commissioner's proposal to utilize the same for a detention or health camp can, of course, be given effect to. But the Government do not wish to acquire the property for this purpose. It would be preferable from a sanitary point of view that the houses in the Weaver Lines, which enjoy the advantages of good drainage and ventilation, should become private residences, than that they should become Government property. In the former case some appreciable relief will be afforded to the over-crowding, which exists in parts of the City, and should unfortunately a second health camp be required in addition to the one proposed near the travellers' bungalow, it can easily be provided elsewhere. At any rate the foreclosure of Veeranna's mortgage and the provision for a second health camp are independent questions, which should be disposed of separately on their individual merits. Whether the Weaver Lines become available for a health camp or not, a temporary platform in the locality would be very useful. Its exact location should be such as to afford convenient access to the Weaver Lines and Kannegaudankoppal. If the Weaver Lines be not available for a health camp, the new Police Lines and the old Distillery buildings can be used for the purpose. The Resident will accordingly be asked to cause a temporary platform to be erected in a suitable situation in the locality indicated. The Chief Engineer will be requested to cause the site to be examined and to furnish this office with a map indicating thereon where the temporary platform can most conveniently be erected so as to meet all requirements.

General (Plague), dated 29th September 1898.

READ THE FOLLOWING :—

Letter No. 4963, dated 23rd September 1898, from the First Assistant to the Resident, to the Dewan of Mysore.

In continuation of my letter No. 4962 of today's date, I am directed to forward copy of a letter, dated the 21st instant, from the Medical Officer, Southern Mahratta Railway, on the subject of Plague measures at the City Station.

(2) Assuming that the Durbar for their part, agree to the proposals therein made, I am to enquire to what official and at what place, the occurrence of a case of plague within the station limits should be reported.

Copy of letter, dated the 21st September 1898, from the Medical Officer, Southern Mahratta Railway, to the Resident in Mysore.

I have the honor to submit to you for your approval and confirmation the following measures for the prevention of plague within the Bangalore railway lines :—

(1) The Municipality will arrange to remove and to receive into their hospitals all patients from the railway lines suffering from plague or from suspicious fever, and will also arrange for the segregation of contacts, no charge to be made to the railway on this account

(2) Subject to the sanction of the Agent of the Southern Mahratta Railway, a special gang of coolies, under the charge of a Hospital Assistant, will be engaged to disinfect all carriages and goods' wagons, coming from an infected area and going no further along the line in accordance with the orders of the Government of India.

(3) Subject to the sanction of the Agent, a Plague Committee will be formed consisting of Mr. Mackenzie, Mr. Lindsay and Mr. Willans. The Railway Apothecary assisted by a Nurse will inspect daily the inmates of every house and will report all cases of plague or suspicious fever. Infected houses within railway limits will be disinfected by the railway disinfecting staff.

Will you kindly inform Mr. Mackenzie to which of the Town Plague authorities information should be given of the occurrence of a case of plague within our lines, and what arrangements the town will make for the removal of such cases.

Letter No. 4962, dated the 23rd September 1898, from the First Assistant Resident, to the Dewan of Mysore.

I am directed to address you on the subject of plague preventive measures at the Bangalore City Station and of the arrangements therefor dealing with any cases of plague that may occur.

(2) The Railway Companies concerned have agreed to carry out the disinfection, not only of all railway carriages in which cases of plague have occurred or which have come from an infected area, but also of all buildings within railway limits. They have also agreed to have all such buildings visited regularly and kept in a sanitary condition, and to have all persons residing therein carefully observed. The Durbar, the Resident understands, have expressed their willingness to receive into their plague camp in the vicinity all persons found within the City Railway Station limits to be suffering from plague, as well as all who have come into contact with such persons, or whose detention as being "suspicious" persons may seem desirable. The only matter left for settlement seems to be the agency by which such persons should be removed from the City Station to the Durbar's Plague Camp. The Railway Police will of course escort such persons, but they cannot be called upon to carry the sick person to the camp. This duty seems to devolve on either the station authorities or the City Municipality, and looking to the fact that the two Companies interested in the City Station pay taxes amounting nearly Rs. 2,000 to the City Municipality, it seems but fair that the duty under reference should, for the present at any rate, be undertaken by that Municipality. I am to enquire if the Durbar agree in this view; if so, Colonel Robertson will be obliged if the necessary orders are issued at an early date.

(3) In this connection, I am to enquire under what law or title the City Municipality levy the taxes aforesaid, which are believed to be of the nature of house and lighting rates.

II. Letter No. 4451—Pol. F. 21-96, dated 28th September 1898, from the Secretary, to the First Assistant Resident, stating that the railway authorities may be instructed to report the occurrence of a case of plague within the City Railway Station limits to the Superintendent of the Plague Camp at Magadi Road, and that the City Municipality will, for the present, undertake the duty of removing the patients from the City Station to the said Plague Camp.

Proceedings of the Government of Mysore,

No. 4452-53—Pg. F. 21-96, DATED BANGALORE, 29TH SEPTEMBER 1898.

ORDER THEREON.—The Senior Surgeon and Sanitary Commissioner will be requested to arrange to remove and receive into the Plague Camp at Magadi Road all patients from the City Railway Station suffering from plague or from suspicious fever and also for the segregation of contacts.

2. The President of the Bangalore City Municipality will be requested to report at a very early date what taxes, if any, are being levied from the Madras Railway and Southern Mahratta Railway Companies, the annual amount that is being collected, and the authority under which the same is done.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

EDUCATION

Proceedings of the Government of Mysore.

READ—

Letter No. 10595—317, dated 12th May 1898 from the Inspector General of Education in Mysore, submitting the State Fund Budget Estimates of the Education Department for the year 1898-99, with a memo of explanations.

READ ALSO—

The following subsequent communications from the same Officer :—

(1) Letter No. 11337—373, dated 3rd June 1898, submitting a statement of Building Grants to be awarded during the year amounting to Rs. 7,826.

(2) Do No. 11338—374, dated 3rd June 1898, submitting a list of Schools requiring new monthly Grants-in-Aid aggregating Rs. 552 a year.

(3) Do No. 11339—375, dated 4th June 1898, submitting a statement of Schools requiring increases of Grants amounting to Rs. 2,718 a year.

(4) Do No. 11566—379, dated 15th June 1898, stating that out of the additional grants of Rs. 6,740 sanctioned by Government from time to time during 1897-98 a sum of Rs. 740 has, by an oversight, been omitted in the present Budget and requesting that the omission may be supplied.

(5) Do No. 11619—383, dated 17th June 1898, stating that the provision of Rs. 11,200 made in the Budget for Travelling Allowances may be increased to Rs. 20,000 as the former amount has been found insufficient.

(6) Do No. 11673—381, dated 17th June 1898, requesting that the provision for House-rent and Contingencies of Anglo-Vernacular and Vernacular Schools in the present Budget may be increased by Rs. 1,000.

No. 3209-10—Ed. F. 2-96, DATED BANGALORE, 6TH SEPTEMBER 1898.

ORDER THEREON—The Budget estimates of the Education Department, as submitted with the first of the letters read above, were as follows :—

	1897-98.	1898-99.	Increase.
	Rs.	Rs.	Rs.
Receipts	91,357	93,357	2,000
Expenditure	5,61,356	5,70,621	9,265

2. The increased provision under receipts is reported to be due to the normal rate of increase in the income from school fees and the English classes opened in Vernacular schools, and is accepted.

3. Under expenditure, the Inspector General has since in his communications cited above, suggested the inclusion of additional grants under certain heads. On this point the Inspector General's attention is drawn to the instructions conveyed in the Proceedings of Government, Camp No. 50-51—Ed. F. 23-96, dated 16th October 1897 regarding the early submission of such proposals and he is requested to strictly conform to them, as there is much confusion and delay in the disposal of the Education Budget in consequence of his non-compliance with them.

4. The list of Grants-in-Aid for buildings (as per list A attached) amounting to Rs. 7,826 received with the Inspector General's letter No. 11337-373, dated 3rd June 1898, is approved and the amount entered in the Budget.

5. New Grants-in-Aid to schools amounting to Rs. 552 per annum and increases to existing monthly Grants-in-Aid amounting to Rs. 2,718 a year (as per lists B. and C. appended) are sanctioned in accordance with the recommendations contained in the Inspector General's letters Nos. 11338—374 and 11339—375 dated 3rd and 4th June 1898 respectively.

6. The Inspector General recommends in his letter No. 11573—384 dated 17th June 1898 that the allotments under House-rent and Contingencies be increased by Rs. 600 and Rs. 400 respectively. These additions are made in the

Proceedings of the Government of Mysore,

Budget pending submission of details as to how much of these amounts are for Anglo-Vernacular Schools and how much for Taluk Vernacular Schools.

7. The provision for Travelling Allowances to Officers is raised from Rs. 11,200 to Rs. 20,000 as recommended in the Inspector General's letter No. 11619-383 dated 17th June 1893, in view of the increased rates of such allowances sanctioned in Government Proceedings No. 8369-404-P. and A. 39-93 dated 20th January 1898.

8. The following additional charges which were sanctioned since the submission of the Budget to Government, have also been provided for :—

	Rs.
Local allowance to an additional Assistant Master of the Bowringpet Anglo-Vernacular School sanctioned in Government Proceedings No. 14994-5—Ed. F. 46-96, dated 16th May 1898.	36
On account of the Girls' School at Chamarajpet, Bangalore, converted into a Government Institution by Proceedings No. 15157-8—Ed. F. 47-96, dated 26th May 1895.	336
On account of the Girls' School at Chikmagalur converted into a Government Institution by Proceedings No. 15456-6—Ed. 416, dated 26th May 1898.	780
On account of Contingent Allowances of the Central College which has been raised from Rs. 300 to Rs. 400 by Government Proceedings No. 16969-71—Ed. F. 16-96, dated 24th June 1898.	100
For furniture for the new Student's Home in connection with the Maharaja's College, Mysore, sanctioned in Government Proceedings No. 521-2—Ed. F. 42-96, dated 9th July 1898.	2,997
Total ...	4,249

9. The Inspector General in his letter No. 4740-158 dated 30th November 1897, requested that the provision for Buildings in the Budget of 1897-98 be raised from Rs. 10,000 to Rs. 54,349. As the official year was nearing its close, Government in their Proceedings No. 11173-4—Ed. F. 19-96 dated 10th March 1898 sanctioned only Rs. 5,000 more for that year. As most of the urgent works referred to in that correspondence will have to be taken up this year, the provision for Buildings is raised from Rs. 10,000 to Rs. 30,000.

10. With the above remarks, the State Fund Budget Estimates of the Education Department for the year 1898-99 is sanctioned as per accompanying appendix of which an abstract is given below :—

Docket No. 1712—55, dated 22nd August 1898, from the Inspector General of Education in Mysore

With reference to the Secretary's docket No. 1658—Ed. F. 42-96, dated 30th July 1898, has the honor to inform that the Secretary of the Maharaja's College Students' Home, Mysore, states in his docket No. 1, dated 10th August 1898, that the kitchens for vegetarian and non-vegetarian non-Brahmins are yet under construction and suitable arrangements will be made for their benefit in the Home after the completion of the kitchens above referred to.

No. 3483—Ed. F. 42-96, DATED BANGALORE, 12TH SEPTEMBER 1898.

ORDER THEREON.—Recorded.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Education

READ—

Correspondence ending with letter No. 306—17, dated 11th July 1898, from the Inspector General of Education.

"With reference to your docket No. 16646—L. F. 63-94, dated 20th June 1898, and previous correspondence, calling for a statement showing the cost of Primary Schools and Primary Classes of Middle Schools in the several Municipalities of the Province, I have the honor to submit the accompanying statement furnishing the information called for.

2. I beg to state that in the case of independent Primary Schools the full monthly cost is shown, but in the case of Primary Classes of Middle Schools the cost of tuition only is shown, the pay of menial servants and contingent charges which relate to the whole school being left out of calculation. I may further add that in many instances an exact distribution between the Middle and Primary Departments of even the cost of tuition has not been possible, as the number of teachers is smaller in most cases than that of the classes and the same teachers have to work in both the departments of a school where the two exist together. The cost in such cases is therefore only approximate.

3. The statement now submitted includes 20 Anglo-Vernacular and Taluk Branch Schools in Municipalities which are maintained from the Village School Fund, the cost of the Primary Classes in them being shown in each case. The necessary information regarding indigenous or pial schools which may be aided from Municipal Funds by Municipalities is

Education, dated 14th September 1898.

not available in this office. No indigenous schools in Municipalities are aided from the Provincial Funds or the Village School Fund. Recently a sum of Rs. 2,400 a year was placed at the disposal of the Mysore Municipality for the encouragement of private Primary Schools in Mysore City.

No. 3654-62—ED. 92, DATED BANGALORE, 14TH SEPTEMBER 1898.

ORDER THEREON.—The Government observe that, exclusive of the 5 municipalities noted in the margin for which the requisite information has not been furnished, the 24 per cent of the Local Cess collected in the remaining 101 municipalities amounts to Rs. 14,152. Only 20 schools are maintained exclusively out of the Village School Fund at a cost of Rs. 6,510 per annum, while the remaining 250 schools in the other municipalities are maintained out of State Funds at a cost of Rs. 94,752 per annum. It is obvious that, owing to the inadequacy of the Municipal Funds, which should be mainly appropriated to the maintenance and improvement of "Elementary" education, more than 93 per cent of the cost of Primary Education in Municipal Towns is now borne out of State Funds. Out of the 24 per cent of Local Cess levied in municipalities, amounting to Rs. 14,152, only Rs. 6,510 is spent on Primary Schools leaving a surplus of Rs. 7,642; and the Inspector General of Education is requested to report whether the State Funds should not be relieved, at least to the extent of this surplus, by transferring the maintenance charge of some more of the Primary Schools in Municipal Towns from the State to Village Funds.

In the Cities of Bangalore and Mysore all schools for elementary instruction are under the management and control of the Municipal Boards. In the Madras Presidency also, the Local Fund and Municipal Boards are entrusted with such management and control. It is a matter for consideration, having regard to the fact that proper supervision is, as a general rule, quite impossible with the present Educational Inspecting Agency, whether the control of all Primary Schools in Municipal Towns of the State cannot be advantageously transferred to the Municipal Boards subject to such rules as may be prescribed by Government. The Inspector General of Education and Deputy Commissioners of Districts are requested to favor the Government with their views on this point as early as possible.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Education in Mysore.
The Deputy Commissioners of Districts.

JUDICIAL

Proceedings of the Government of Mysore.

Letter No. 1047—J. 102, dated the 19th July 1898, from the Secretary to the Government of Mysore, General and Revenue Departments, to the First Assistant to the Resident in Mysore.

I am directed to acknowledge the receipt of your letter No. 2566—219-97, dated the 23rd May 1898, (1) enquiring whether the purchase by the Government of India of the stock of converted and semi-converted component parts of the arms specified in the Statement B enclosed therein could be arranged for, and, if so, on what terms; and (2) asking for accurate information regarding the quantity of component parts of arms now either in the custody of State officials or in possession of gunsmiths after enquiry had been made regarding the existence of any further stocks of component parts in the city.

2. In regard to the first of these matters, I am directed to state that such portion of the articles specified in Statement B as consisted of muzzle-loaders, and the component parts of muzzle-loaders as well as the petty articles referred to in the remarks column, are reported to have been returned to the parties subsequent to the seizure of the arms, and that only the breech-loaders and their component parts were retained by the Police in their custody. The sums demanded for these by the merchants amount to Rs. 338-8-0, while the Police valuation is Rs. 159. The Inspector General, however, expects that it will be possible to arrange for their purchase by finally settling the price at a little over the Police valuation. Copies of the Inspector General's letter and the statement, giving particulars of the articles now in the custody of the Police, are enclosed for information.

3. As regards the other point adverted to in your letter, I am to say that the Inspector General of Police is having all the gunsmiths' shops in the Bangalore city again examined and a list prepared of all component parts of breech-loaders that may be found with them, and that a separate statement showing their valuation will be submitted as soon as the enquiry in progress shall have been completed.

4. It will be seen that the enquiry is proposed to be limited to breech-loaders and parts thereof in view of the fact that the previous correspondence had special reference to this description of arms. If information is also required about muzzle-loading arms, I am to request that the fact may kindly be intimated to the Durbar at your early convenience as the Inspector General anticipates that the enquiry will in that case require a longer time, owing to the much larger mass of material that will have to be collected, assorted and valued.

ENCLOSURES.

Letter No. 232—22, dated 14th July 1898, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore.

With reference to your Official Memorandum No. A, dated 31st May 1898, forwarding copy of Resident's letter No. 2566—219-97, dated 23rd May 1898, I have the honor to state that the arms and parts of arms referred to in Statement B of the Bangalore District Magistrate's letter No. 1122, dated 1st May 1897, consisted both of breech-loaders and muzzle-loaders and that subsequent to the seizure, the muzzle-loaders and the component parts of muzzle-loaders as well as other petty articles referred to in the remark column were returned to the parties according to the instructions received from the Tuluk Magistrate, the Police retaining in their custody only the breech-loaders and their component parts. I forward herewith a statement showing the prices which the merchants have put on these and the values estimated by the Police. The prices may be finally settled at a little over our valuation.

2. I have instructed the City Police to examine all the gunsmiths' shops again and prepare a list of all component parts of breech-loaders that may be found with them and submit a separate statement showing their valuation. I shall send the same as soon as received.

3. I would here note that, in the letter No. 2566—219-97, dated 23rd May 1898, of the First Assistant Resident, mention is made of the "converted and semi-converted component parts of arms." But as in the previous correspondence

Statement showing the prices of breech-loading rifles and barrels thereof out of the articles mentioned in Statement B appended to the District Magistrate's letter No. D 1122, dated 1st May 1897, retained under Police custody.

objection was taken only to the trade in breech-loaders and parts thereof, the present requisition was taken to refer only to breech-loading arms. If information is wanted about muzzle-loading arms also, the work of classification and valuation will take a longer time.

Judicial, dated 2nd September 1898.

II. Letter No. 4227—219-97, dated 25th August 1898, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.

I am directed to acknowledge the receipt of your letter No. 1047—J. 102, dated the 19th ultimo, and to state that the intention of the Government of India is to include all arms of precision, *i. e.*, arms with rifled barrels and their components, whether breech or muzzle-loading, in the enquiry made in my letter No. 2566 of the 23rd May last.

2. It is proposed to purchase the arms, &c., specified in Statement B appended to letter No. D—1122 of the 1st May 1897, from the District Magistrate, Bangalore, to the address of the Secretary to the Government of Mysore, Revenue and General Departments, as well as others that may be in the possession of gunsmiths in Bangalore. It is understood that the breech-loaders and their component parts only of those shown in Statement B were retained by the Police and have been valued. I am to ask you to kindly instruct the Inspector General of Police to settle the price of these articles as early as possible with a view to the Inspector General of Ordnance arranging for their purchase.

3. In regard to the arms, &c., (other than breech-loaders) included in Statement B but since returned to their owners, the Durbar may perhaps find it difficult to get them back, or some of them may have since been sold. Colonel Robertson will be glad if early measures are adopted to trace them and have them valued.

4. From para 3 of your letter it appears that the Durbar's enquiry is at present confined to breech-loaders and their component parts only. I am to request that the enquiry may be extended to all arms of the kind referred to in the 1st para and the Resident will be obliged if it can be pushed as vigorously as possible.

No. 3039
J. 336

OFFICE OF THE DEWAN OF MYSORE,
Dated Bangalore, 2nd September 1898.

OFFICIAL MEMORANDUM.

Copy of the above is forwarded to the Inspector General of Police in Mysore for favor of early compliance on the points referred to in paras 2 and 3 and of very early submission of the information called for in para 4.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

READ—

Letter No. 71, dated the 25th July 1898, from the Inspector General of Registration in Mysore, stating that serious inconvenience is caused to the public owing to the absence of any arrangement for carrying on the duties of a Registrar during his absence on duty from Head-quarters and requesting that Rule No. 2 framed under Section 69 of the Registration Act, as it originally stood, may be revived.

No. 3042—J. 338, DATED BANGALORE, 2ND SEPTEMBER 1898.

ORDER THEREON.—The Government observe that under Section 11 of the Act the Registrar (Deputy Commissioner) may, in his absence appoint any Sub-Registrar or other person in his district to perform the duties of Registrar except those mentioned in Sections 68 and 72. To secure uniformity, however, the following old rule will be revived and republished in the *Gazette* for general information :—

“As a general rule, the Deputy Commissioner of the district for the time being shall be *ex-officio* Registrar and Inspector of the offices of Sub-Registrars in the district and under Section 11 of the Act, he will appoint an Assistant Commissioner to perform the duties of Registrar during his absence on duty.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. and Rev. Depts.

To—The Inspector General of Registration in Mysore.

READ—

Report on the Administration of the Jails and Lock-ups in the Mysore State for the year 1896-97.

No. 3613-J. 405, DATED BANGALORE, 13TH SEPTEMBER 1898.

ORDER THEREON.—Mr. Justice J. W. Best held charge of the office of Inspector General of Prisons till the 30th January 1897, when Surgeon Lieutenant Colonel P. H. Benson was appointed Inspector General. The revised forms of statements prescribed by the Government of India in the Home Department in their Resolution of the 7th June 1897, No. 219—230, have been adopted in the present Report.

2. The closing of the Lock-up at Sivasamudram reduced the number of Lock-ups in the State by one.

The total number of prisoners admitted to the various Jails and Lock-ups increased from 5541 to 6136, and the total prison population (inclusive of the number remaining in custody at the end of the year preceding) from 6348 to 6931. But the daily average declined from 863 to 847 prisoners, in consequence of the larger number of prisoners discharged during the year.

3. The 6931 prisoners referred to above comprised 91 civil prisoners (all males), 3386 under-trial prisoners (3200 males + 186 females), and 3454 convicts (3253 males, 201 females). Excluding 6212 discharged from all causes, there remained at the close of the year 7 civil prisoners, 66 under-trial prisoners (61 males, 5 females) and 646 convicts (614 males, 32 females,) in all 719 against 793 in the previous year.

4. Out of 6212 prisoners discharged from all causes, 84 were civil prisoners, 3320 under-trial prisoners and 2808 convicts. As many as 149 convicts were released under the remission and ticket-of-leave rules, while 134 prisoners of all classes were released on the occasion of the celebration of the Diamond Jubilee of Her Majesty the Queen-Empress.

5. Only two prisoners escaped during the year against 4 in the previous year. One of them was subsequently re-captured and the other is still at large.

6. Including 3 that remained at the commencement of the year, the total number of juvenile convicts was 25 against 22 in the previous year. They were kept separate from other prisoners and employed in gardening, sweeping and making tape and net bags.

7. The health of prisoners is reported to have been rather worse than during the two preceding years. The admissions to hospital increased from 523 in 1895-96 to 686 in the year under review, and the daily average number of sick from 14.94 to 19.247. Malarial fevers continued to be the chief source of illness. Fourteen convicts and two under-trial prisoners died during the year as against 6 convicts in the previous year. Pneumonia proved more fatal than any other disease, three out of the six attacked having died.

8. Of the 2706 convicts admitted direct during the year, 2687 had been sentenced to various terms of imprisonment, 13 to transportation and 6 to death. Simple imprisonment was awarded in 258 cases, rigorous imprisonment in 2,403 cases, while whipping was resorted to in 26 cases.

9. The number of recommitments increased from 294 to 298 of whom 5 were females and 9 were juveniles, all males.

Thirty-four prisoners are reported to have been identified as old offenders. how much of this was due to the anthropometric system has not been stated. The introduction of the finger-print system in Jails will, it is hoped, facilitate identification to a much larger extent.

Judicial, dated 13th September 1898.

10. The statistics relating to offences committed by convicts show an improvement. The number of offences committed against the Jail Rules fell from 279 to 237. There was a solitary case of a criminal offence committed in the Mysore Jail against three in the previous year: what that crime was should have been reported. The ratio of punishments inflicted decreased from 64·17 to 51·74 in the Central Jail, Bangalore, but it increased from 14·9 to 16·04 in the Mysore Jail. It is satisfactory to observe that there was no instance of an offence by a convict either in the Shimoga Jail or in any of the Lock-ups in the State.

11. No education was imparted to convicted prisoners except in the Jails at Bangalore and Mysore. The arrangements for imparting instruction were more effectual in the former than in the latter institution. As an indication of this, it is observed that, in the Bangalore Jail, out of 120 convicts released during the year, all the 80 who were originally illiterate became able to read and write to a greater or less extent; while in the Mysore Jail, where 176 persons were released, only 14 out of the 90 who were originally illiterate acquired the same knowledge during their incarceration.

12. Owing to the employment of 24 life convicts as convict-warder guards in the Bangalore Central Jail, the proportion of convict prison officers to the male convict population increased in that Jail from 6·18 to 9·70. The fluctuations as regards other Jails call for no special notice.

13. Out of a daily average strength of 708 prisoners under sentence of labour on working days, 66 or a little more than 9 per cent were sick and infirm, and the remaining 642 prisoners were employed as shown under :—

251 or 35·45 per cent on unremunerative labour as against 31·6 per cent in the previous year,

17 or 6·63 per cent on gardening, against 8·39 per cent,

171 or 24·57 per cent on prison duties as warders, servants, &c., against 26·85 per cent, and

170 or 24·01 per cent on manufactures against 27·97 per cent.

These figures show an increased percentage as regards unremunerative and decreased percentages as regards other kinds of labour; but it must be noted that the unremunerative labour in question (under which head the entire labour of prisoners in Lock-ups was classed) included such useful work as watering trees, cleaning drains, repairing roads, &c.

14. The total expenditure on the up-keep of prisons increased from Rs. 88,733 to Rs. 92,245 and the cost per head of the average strength from Rs. 102·12-1 to Rs. 108·13-0. The increase was mainly under establishment charges.

On the other hand the net cash profit on the employment of convicts increased from Rs. 15,305 to Rs. 19,252, so that the actual net cost per head was only Rs. 101-0-8.

It is noteworthy that the profits on printing work in the Central Jail at Bangalore increased from Rs. 4,187 to Rs. 5,783 as compared with an increase from Rs. 8,745 to Rs. 8,991 in the profits on other kinds of work; and the Inspector General anticipates a further increase in the profits from the Jail Press in future.

15. The various Jails and Lock-ups in the State appear to have been duly inspected either by the Inspector General or by the Deputy Commissioners and are reported to have been in a satisfactory condition. The Government are pleased to acknowledge that on the whole the Department continued to be administered in an efficient manner during the year under review.

Proceedings of the Government of Mysore

READ—

Report on the administration of Civil Justice in the Mysore State for the year 1896-97.

No. 3611—J. 106, DATED BANGALORE, 13TH SEPTEMBER 1898.

ORDER THEREON.—Owing to the establishment of a permanent additional Munsiff's Court at Mysore and the reconstitution of the Subordinate Judge's Court at Shimoga, the number of Civil Courts exercising original jurisdiction increased from 24 to 26.

2. The steady growth of litigation which marked previous years continued to operate during the year under review, the total number of suits instituted therein being 24,098 as compared with the average of 20,072 for the previous 5 years, and the total of 23,161 for the year 1895-96.

3. Of the suits instituted, 11,531 or about 48 per cent were small causes, and 12,567 were regular suits. As in the previous year, the bulk of the litigation was in the Courts of Munsiffs, who had about 79 per cent of the entire number of suits and a little over 96 per cent of regular suits to deal with. The number of regular suits instituted in the Courts of Sub-Judges was 359, and in those of District Judges only 75.

4. In 17,803 cases, the monetary value of the subject-matter of the suit did not exceed Rs. 100; in 5021 cases, it exceeded Rs. 100, but did not exceed Rs. 500; in 1016 cases, it exceeded Rs. 500; while in the remaining 258 cases, the value could not be estimated in money. Only 1092 suits or 4.53 per cent of the total number related to real property. The aggregate value of the subject-matters of litigation was Rs. 40,95,762 against Rs. 32,38,528 in the previous year.

5. Of the 30,397 suits on the file of the different Courts (including 6,299 suits pending from the previous year) 23,885 were disposed of; and the remaining 6,512 cases were pending. Twenty-four per cent of the total number of suits was contested, against 23 per cent in 1895-96.

6. The average duration of suits for all the Courts was 150.77 days for contested and 63.22 days for uncontested cases, as against 151.84 and 75.78 days respectively in the previous year. But turning to the different classes of Courts it is found that the figures relating to average duration were far from satisfactory the duration as regards contested cases having largely increased in all classes of Courts except those of the Munsiffs of the Nagar Division. The increase was most noticeable in the Courts of the District Judges, *viz.*, from 184.17 to 444.68 in the Nundidroog Division, from 326.80 to 616.01 in the Ashtagram Division, and from 238.90 to 665.43 in the Nagar Division. No satisfactory explanation has been assigned for so remarkable an increase in the pendency of cases.

7. There were 30,948 applications for execution, or 3,850 more than in 1895-96. The amount realized by the issue of process was Rs. 4,11,224, and without the issue of process Rs. 85,176, as against Rs. 3,29,260 and Rs. 60,161 respectively in the previous year. Judgment debtors were arrested in 970 cases in 199 of which applications were presented for the benefit of insolvency. Of these 44 were granted.

8. The miscellaneous original cases disposed of numbered 12,220 against 10,800 in the previous year; and those pending numbered 1,132 against 1,009.

9. Turning to appellate business, it appears that the number of first and second appeals actually filed during the year increased from 1,098 to 1,244. Including 1,081 appeals pending at the beginning of the year, the total number

of appeals for disposal was 2,325, of which only 794 were disposed of, as shown hereunder:—

		For disposal		Disposed of
By the Chief Court	...	824	...	333
By the District Judge of Nundidroog	...	70	...	20
Do of Ashtagram	...	481	...	132
Do of Nagar	...	395	...	94
By Subordinate Judge of Mysore	...	318	...	126
Do of Shimoga	...	237	...	89
Total	...	2325	...	794

Judicial, dated 13th September 1898.

The proportion of disposals to the total number of cases on the file is very low, and greater despatch in dealing with cases is desirable.

In 471 cases the decrees of the lower Courts (original and appellate) were confirmed, in 222 cases they were either modified or reversed and in 51 cases they were remanded for re-investigation or additional evidence.

10. The average duration of appeals continued to be very high. In the Chief Court it was 300·42 days for 1st appeals, and 255·91 days for 2nd appeals; it was 294·80 days for appeals in the Nundidroog District Court, 373·60 days in the Nagar District Court, 297·5 days in the Ashtagram District Court, 322·20 days in the Mysore Sub-Court and 67·84 in the Shimoga Sub-Court.

11. The returns relating to the miscellaneous business of the Courts in the exercise of their appellate jurisdiction, show that 171 cases were disposed of as against 151 in the previous year, 80 by the Chief Court and 91 by the lower appellate Courts.

12. The total receipts of Civil Courts from all sources amounted to Rs. 4,06,271 or Rs. 29,735 in excess of those for the previous year and the total charges of establishment to Rs. 3,55,027 or Rs. 14,850 in excess. There was thus a surplus of Rs. 51,244 left at the end of the year against one of Rs. 36,359 at the end of the previous year.

These figures include the receipts, charges and surplus connected with the service of process, which amounted respectively to Rs. 1,02,112, Rs 64,063 and Rs. 38,050 against Rs. 98,588, Rs. 61,900 and Rs 36,688 in the previous year. The Nazarat system introduced tentatively at Shimoga is reported to have worked satisfactorily.

(1) Docket No. 22, dated 12th July 1898, from the President, District Fund Board, Kadur.

In forwarding herewith for the information of Government the marginally* noted copies of correspondence regarding certain objections taken by the Comptroller to admit the charge of Rs. 14-12-9 † incurred by the undersigned in March last under "District Funds" for adopt-

* To Comptroller No. 1889, dated 20th June 1898.	
2. From do No. 11—L. F., dated 1st July 1898, with enclosure copy of Government Order No. 10375-6—Mis. 2114, dated 25th February 1898.	
† 1. Purchase of disinfectants, &c, when cholera was prevalent in the Taluk, ...	Rs. a. p. 2 0 0
2. Constructing a quarantine shed near the toll-eyto at Kotigehar, Mudgere Taluk, when cholera was prevalent in Mangalore	12 12 0
Total	14 12 0

ing cholera preventive measures, has the honor to state that from the wording of para 7 of Government Order, dated 21st June 1892, No. 5127-5207—L. C. 351, the undersigned understands that the Deputy Commissioner, as President of the Board, has power to sanction all expenditure under "Miscellaneous (h) other items" in the District or Municipal Fund budget without reference to Government.

2. The undersigned begs to remark that expenditure falling under "Miscellaneous (h) other items" is mostly for items such as those for which no separate provision exists in the budget, save a reserved grant under this head to meet urgent and unforeseen expenditure.

3. The undersigned has the honor, therefore, to request that the Secretary will be so good as to obtain final orders of Government on the subject and in the meantime to authorize the Comptroller to admit the charge now held by him under "Suspense."

Docket No. 1889, dated 20th June 1898, from the President, Local Fund Board, Kadur circle, to the Comptroller in Mysore.

His Objection Statement No. 85—L. F., dated 13th instant.

With reference to the above, has the honor to state that it does not seem necessary in the opinion of the undersigned to obtain the sanction of Government to the charges objected to by the Comptroller and held in suspense, as it is clear from the Government Order quoted in the above that Government sanction need not be insisted upon in the case of bills referring to charges incurred for the purchase of medicines, disinfectants, &c., and other charges of a kindred nature, vide Serial No. 226 at page 20 of the Monthly Volume of Proceedings for February 1898, Part II, Abstract, under "General."

2. If, nevertheless, the sanction of Government is necessary, it is requested that the Comptroller will be so good as to forward a copy of the above Government Order which has not been supplied to this office, on receipt of which a formal application will be made to Government as regards the charges.

3. The Objection Statement and its enclosures are herewith re-transmitted.

(2) Docket No. 11—L. F., dated 1st July 1898, from the Comptroller in Mysore, to the President, District Fund Board, Kadur.

His No. 1889, dated 20th June 1898.

With reference to the above, has the honor to invite his attention to para 2 of Government Proceedings No. 10375-6—Mis. 2114, dated 25th February 1898, a copy of which is herein enclosed, from which it will be seen that Government sanction is necessary in the case of bills of a subsequent date.

The bills are herewith returned.

Local Boards Branch, District Funds, dated 23rd September 1898.

READ —

Government Proceedings No. 24400-18—G. F. 319-92, dated 20th June 1895, directing that expenditure incurred for the purchase of medicines, disinfectants, &c., and other charges of a kindred nature for treating cholera patients or for the prevention of the spread of epidemics should, as a rule, be met from General Savings of the Medical budget.

Letters No. 3141, dated 19th November 1896, and No. 4637—1202 of 5th January 1898, from the Comptroller.

No. 10375-6—Mis. 2114, DATED BANGALORE, 25TH FEBRUARY 1898.

ORDER THEREON.—The Comptroller is right in thinking that the Order of the 20th June 1895 only pointed out the source from which the charges referred to should be met and did not obviate the necessity of all bills for such charges being sanctioned by Government in each case.

2. As several of these bills are, however, stated to have been already passed by the Comptroller and as the rest belong to a still earlier date, the necessity for Government sanction need not be insisted upon in their case.

READ AGAIN ALSO THE FOLLOWING CORRESPONDENCE —

Extracts of paras 5 and 7 of Proceedings No. 5127—5207, dated 21st June 1892.

* * * *

5. The budget limit should in no case be exceeded without the sanction of Government; but the Municipal Boards are competent to transfer from one minor budget item to another without reference to Government. All transfers from one major head to another require the sanction of Government.

* * * *

7. Sums provided under "VIII Public Works (c) Reserve" and "XI Miscellaneous (h) other items" may be utilized by the Board for purposes which they are empowered to sanction, the expenditure so incurred being shown under its proper head.

READ —

Docket No. 112, dated 27th October 1896, from the Deputy Commissioner of the Bangalore district, submitting, with reference to Government Proceedings No. 4075—L. F. 68-95, dated 23rd September 1896, the Comptroller's objection statement in regard to the charge incurred by the Deputy Commissioner in the purchase of dust-bins for the Doddballapur Municipality at a cost of Rs. 40.

No. 6893-4—L. F. 146-96, DATED BANGALORE, 15TH DECEMBER 1896.

ORDER THEREON.—It is observed that a notification of sanction for Rs. 40 was accepted in Government Proceedings No. 24662-3—L. F. 68-94, dated 28th June 1895, for the purchase of dust-bins for the use of the Doddballapur Municipality, and that the order having reached the Deputy Commissioner after the expiration of the official year 1894-95, the purchase was made in 1895-96, and charged for in the accounts of the latter year. The Comptroller provisionally admitted the charge and considered that fresh sanction of Government was necessary therefor. The Deputy Commissioner accordingly requests the issue of instructions to the Comptroller.

2. It should be remarked that the charge in question is not one of those items enumerated in para 3 of Proceedings No. 5127-5207—L. F. 635, dated 21st June 1892, as requiring the sanction of Government; nor has the necessity for fresh sanction, as contemplated in Section 293 of the Civil Account Code, Volume I, Chapter 17, arisen, as the sanction conveyed in the Proceedings of 28th June 1895, was acted upon before the expiry of the period of one year therein prescribed. At the same time, para 5 of Proceedings No. 3075-88—L. 425, dated 23rd May 1892, authorizes the execution in one year of works sanctioned in the next preceding year. It is hardly possible to maintain that the charge under objection, being one of purchases and not of construction of dust-bins, technically falls

Proceedings of the Government of Mysore,

not under the head "VIII Public Works" to which the Proceedings of 25th May 1892, apply, but under the head "IV Conservancy," for para 7 of the Proceedings No. 5127-5207-635, dated 21st June 1892, empowers Municipal Boards to utilize sums provided under the heads "VIII Public Works (o) Reserve" and "XI Miscellaneous (h) other items" for purposes which they are empowered to sanction, the expenditure so incurred, being shown under its proper head. There being no provision for the charge referred to in the budget for 1895-96, the Board was apparently competent to meet it from "VIII Public Works (o) Reserve," and charge the same to the head "IV Conservancy."

3. The attention of the Comptroller is invited to the foregoing circumstances, and he is requested to explain fully his grounds for taking objection to the expenditure incurred in this case.

Letter No. 1307, dated 21st December 1896, from the Comptroller.

With reference to para 3 of Government Proceedings No. 6893-4—L. F. 147-96, dated 15th December 1896, requesting to explain fully the grounds for the objection taken to the purchase of dust-bins at a cost of Rs. 40 for the Doddballapur Municipality, I have the honor to state that objection was taken to the charge in question, (1) as no provision had been made in 1895-96 under "IV Conservancy", to which head the charge is debitable and (2) as the sanction accorded in 1894-95 had lapsed. I regret that the 2nd ground was inadvertently noted in the Objection Statement.

2. The Deputy Commissioner in reply to the objection raised referred me to para 5 of Government Proceedings No. 3075-6—L. 425, dated 23rd May 1892: this refers to works for which estimates are sanctioned and cannot apply to the question under reference.

3. Para 7 of Government Proceedings No. 5127-5207-635, dated 21st June 1892, empowers Municipal Boards to utilize sums provided under VIII Public Works (o) Reserve and XI Miscellaneous (b) other items for purposes which they are empowered to sanction, but I beg to submit that the purposes must be those following under VIII Public Works and XI Miscellaneous not under IV Conservancy which is a distinct and independent major head.

4. If it were otherwise, it would result in authorizing the Boards to transfer funds from one major head to another in direct contravention of para 5 of the same Proceedings.

5. The objection holds good therefore on one of the two grounds mentioned in this office Objection Statement, *viz.*, want of funds under VI Conservancy.

READ —

Correspondence ending with letter, from the Comptroller, No. 1307, dated 21st December 1896, in regard to the expenditure incurred in the purchase of dust-bins for the use of the Doddballapur Municipality and charged in the accounts of 1895-96, for which a notification of sanction was accepted in Government Proceedings No. 24662-3—L. F. 68-94, dated 28th June 1895.

No. 8589-90—L. F. 146-96, DATED BANGALORE, 28TH JANUARY 1897.

ORDER THEREON.—The Comptroller is authorized to admit the charge referred to in the accounts of 1895-96. The Deputy Commissioner will be informed that transfers from one major head to another should not be made without the sanction of Government.

No. 4131-32—L. F. 154-92, DATED BANGALORE, 23RD SEPTEMBER 1898.

ORDER THEREON.—Para 7 of Government Proceedings No. 5127-5207—L. 635, dated 21st June 1892, does not contemplate sanctions by Boards of charges involving a transfer from one major head to another. Government have, in Proceedings No. 8589-90—L. F. 146-96, dated 28th January 1897, read above, already held that in cases of the kind under reference, their previous sanction is necessary.

2. The re-appropriation involved is sanctioned and the Comptroller is authorized to admit the charge placed under objection.

READ—

Report on the Administration of the Municipalities in the Chitaldrug District for 1896-97 submitted with the President's letter No. 579-543, dated 18th December 1897.

No. 4320-32—L. F. 62-97, DATED BANGALORE, 26TH SEPTEMBER 1898.

ORDER THEREON.—There was an addition of one to the number of Municipalities in the Chitaldrug district during the year, owing to the establishment of one at Bagur.

2. The actual receipts of the various Municipalities in the district for 1896-97 amounted to Rs. 65,231 or Rs. 25,543 more than those of the previous year.

Including the opening balance of Rs. 23,699, the amount that was available for expenditure was Rs. 88,930, of which Rs. 74,915 were spent, leaving a closing balance of Rs. 14,015.

3. The large increase under "Receipts" as a whole was mainly the result of a grant-in-aid of Rs. 15,632 and a loan of an equal amount given by Government to the Municipalities of Chitaldrug, Davangere and Harihar for their sanitary improvement. The formation of a municipality at Bagur contributed to the increase under "House-tax and Mohatarfa." The decrease under "Rents" is due to certain dues for the year having been realized in advance and credited to the accounts of 1895-96. The remarks in para 6 of the Report regarding the realizations under "Octroi" would lead one to expect an increase under that head while there was actually a decrease of Rs. 235. This should be explained.

4. As in the previous year the work of collection was efficiently performed in all the Municipalities except the one newly formed at Bagur; and only a sum of Rs. 115 was left in arrears at the close of the year out of a total demand of Rs. 65,346.

5. The very large increase shown under "Total Expenditure" was really due to the adjustment in the accounts of this year (under "Public Works") of sums spent in previous years on account of the sanitary improvements of Chitaldrug and Harihar. The items grouped under "Miscellaneous" include extraordinary expenditure on account of the Jubilee celebration, refunds and repayments of loans. The increased outlay under the other heads was in most cases due to the entertainment of additional establishments and other measures required for improved Municipal Administration.

6. The work turned out by the midwives was more satisfactory than in the year previous, the number of cases attended by them having gone up from 561 to 750.

7. The same remark applies to the vaccination operations of the year, 1,026 persons having been vaccinated as against 338 in the previous year.

8. There was a slight increase in the number of deaths from cholera (from 11 to 19) and small-pox (from 61 to 77) and a reduction in the number of deaths from fever (from 299 to 269); but owing to miscellaneous causes the total mortality in municipal towns in the District was represented by 635 or 89 deaths in advance of the figure for 1895-96. The births (1,011) were also in excess of those of the latter year (809).

9. The difficulty in respect of water-supply referred to in the last Administration Report is stated to have been removed in all the towns except Hosdurga and Molakalmuru.

Proceedings of the Government of Mysore,

READ—

Correspondence ending with letter No. 212—18, dated 6th September 1898, from the President of the Municipalities in the Shimoga district.

No. 4433-34—L. F. 134-97, DATED BANGALORE, 27TH SEPTEMBER 1898.

ORDER THEREON.—From the above correspondence, it will be seen that a tamarind tree belonging to one Kajano Annaji Rao in the Shimoga town was cut down in 1895 under the orders of the Deputy Commissioner and President of the Municipality, on sanitary grounds. When the question of the payment of compensation for the same came up before the Board, it was resolved by a majority that the Board were not liable to pay it on the ground that they were not consulted before the tree was cut down, the President, the Executive Engineer and the Civil Surgeon dissenting. Annaji Rao appealed to Government against this decision of the Board.

2. The Government consider the claim of the petitioner to be a valid one and regret that the action of the Board put him under the necessity of appealing to Government. As the executive head of the municipality, the President ordered the tree to be cut down on sanitary grounds, the compensation to be paid is a proper charge on Municipal Funds. They accordingly sanction the payment of Rs. 20, which it is reported the petitioner has consented to accept, the cost being met from the sum of Rs. 400 provided under "VII Public Works" (m) "compensation" in the Municipal Budget of Shimoga for the current year.

REVENUE

Proceedings of the Government of Mysore,

READ THE FOLLOWING.—

(1) Government Proceedings No. 21986-2001—R. F. 3—91-95, dated 29th May 1895, requesting Deputy Commissioners of Districts to prescribe a form for adoption by Sheikdars in submitting their reports in connection with the grant of gomal lands applied for for cultivation.

(2) Docket No. 12, dated 5th July 1895, from the Deputy Commissioner, Hassan, submitting copy of a form prescribed by him for use by Sheikdars in his district.

(3) This office docket Nos. 1276—R. 473 and 1277-83—R. 474, dated 25th July 1895, requesting the Deputy Commissioner of Hassan and the Deputy Commissioners of the other districts to use the form referred to above for six months and to submit a report as to whether it has appreciably reduced the correspondence between the Amildars and the Sheikdars.

(4) The following are communications from the Deputy Commissioners of Districts in reply to the preceding :—

No.	Date.	From whom.
173	15th August 1895	Deputy Commissioner, Bangalore.
4156—2117	29th April 1896	Ditto Kolar.
71—18	1th July 1896	Ditto Kolar.
1018	30th January 1896	Ditto Tumkur.
323	13th August 1896	Ditto Mysore.
280	15th September 1896	Ditto Hassan.
101—89	25th July 1896	Ditto Shimoga.
678	2nd April 1896	Ditto Kadur.
1065—1004	25th May 1898	Ditto Chitaldrug.

No. 1683-90—R. 689, DATED BANGALORE, 1ST SEPTEMBER 1898.

ORDER THEREON.—The Deputy Commissioners of the Bangalore, Kolar, Mysore, Hassan, Shimoga and Kadur Districts report that the form originally prescribed by the Deputy Commissioner of Hassan and forwarded with this office docket Nos. 1276—R. 473 and 1277-83—R. 474, dated 25th July 1895, has helped to reduce the correspondence between the Amildars and Sheikdars and that it may be printed and adopted generally after embodying certain alterations and additions proposed by them.

2. The Deputy Commissioner of Tumkur reports that there is no use of printing the form in question with a uniform amount of space for each item, as the space required in each individual case varies with the amount of information that has to be furnished and that a local circular to the effect that information should be given on the points mentioned will be sufficient.

3. The Deputy Commissioner of Chitaldrug states that he does not consider it necessary to adopt the very elaborate form prescribed by the Deputy Commissioner of Hassan and submits a form used by the Amildars in his District, which he thinks as sufficient, if invariably adopted.

4. Considering the laxity and the delay which would result from the absence of definite instructions, Government consider it necessary that the form as now finally settled after embodying the improvements suggested by some of the Deputy Commissioners should be adopted. The accompanying form is therefore prescribed for adoption by all the officials required to report upon applications for gomal lands. In addition to the report to be furnished in the form now prescribed, an accurate sketch of the land should also be sent up.

5. It is unnecessary to print the form, as the answers vary in different cases and the space required cannot also be always foreseen. The points of enquiry will be laid down and the reporting officers must refer to all the points laid down for enquiry.

C. SREENIVASIENGAR,
Secy. to Govt. Gen., and Rev. Depts.

To—The Deputy Commissioners of Districts with copies of the prescribed forms.

Revenue, dated 16th September 1898.

READ—

Letter No. 291, dated 30th January 1896, from the Deputy Commissioner, Mysore District, to the address of the Chief Engineer in Mysore (transferred to the Revenue Department) enquiring, with reference to the appointment of a manegar on Rs. 10 and 2 sowdies on Rs. 5 each for the conservancy of the Sulekere tank and channels in the Malvalli taluk, made by the Executive Engineer and approved of by the Chief Engineer on the 29th January 1896, whether the appointment of such men, who were under the orders of, and paid by, the Revenue Department, was not to be made by the said Department.

ALSO—

The Chief Engineer's note dated 22nd February 1896, stating that he is indifferent as to who makes such appointment but that the Executive Engineers are in a better position to find suitable men for such work.

No. 1728-36—R. F. 79-94, DATED BANGALORE, 1ST SEPTEMBER 1898.

ORDER THEREON.—Government are of opinion that appointments of the kind under advertence should be made by the Deputy Commissioners, after consulting the Executive Engineers as to the eligibility of the men proposed to be appointed.

2. The men already appointed for the conservancy of the Sulekere tank and channels, need not be displaced.

C. SREENIVASIENGAR,

Secy. to Govt., Gen. and Rev. Depts.

To—The Chief Engineer in Mysore.
The Deputy Commissioner, Mysore District.
The Deputy Commissioners of other Districts.

Correspondence ending with letter No. 110, dated 6th August 1898, from the Superintendent of Revenue Survey in Mysore, in the matter of obtaining, under Section 112 of the Land Revenue Code, the previous sanction of Government to the assessment fixed with a view to introduce the Survey Settlement into Inam villages situated in taluks already settled.

No. 2264-72—R. 911, DATED BANGALORE, 16TH SEPTEMBER 1898.

ORDER THEREON.—The Superintendent of Revenue Survey states that in the Bombay Presidency it has been ruled that when a taluk is already settled, the previous sanction of Government to the assessment fixed is not necessary in the case of each Inam village to be brought under the settlement in the taluk, but that the rates sanctioned for adjacent Government villages previously settled will be held applicable to such Inam villages and suggests a similar rule being laid down for adoption in Mysore.

2. The Government are accordingly pleased to direct that when the provisions of Chapters VIII and IX of the Mysore Land Revenue Code, are with the sanction of Government, extended to Inam villages situated in taluks already settled, separate sanction of Government under Section 112 of the Land Revenue Code to the survey rates fixed for the Inam villages, be dispensed with, provided that the rates are the same as those sanctioned for the adjacent Government villages previously settled. Exceptional cases requiring special treatment should however, be submitted for the orders of Government.

C. SREENIVASIENGAR,

Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Revenue Survey.
The Deputy Commissioners of Districts.

Proceedings of the Government of Mysore,

HEAD—

(1). This office Memorandum No. 1013—R. 412, dated 6th August 1898, calling for the early submission of the Report on the Registration of Rainfall in Mysore for the year 1897 or at least of Table I, if the entire report is likely to be delayed, and requesting the Director of Meteorology to report the measures which he would suggest for adoption in order that the Report for a year may reach Government before the end of March of the next year.

(2). Letter from the Director of Meteorology, No. 81 dated 17th August 1898, in reply to the above of which the following is an extract:—

1. That the Rain Registration Report for 1897 was sent to the Press on the 1st August 1898 and the proof of the first 8 pages of Tables was returned to the Press several days ago. But for the usual Press delay a copy of the pages including Tables I and II might easily have been ready to forward to the Government by this time if the same is specially required.

2. The printed forms for Annual Return of Rainfall for 1897 from the various Rain Gauge Stations were forwarded to Deputy Commissioners of the several districts on 18th January 1898, and as the filling up of these forms cannot take half-an-hour they might have all been received in ample time to have the Rainfall Report ready by the end of March. But very many of them were not returned till long after that date and not till several reminders had been sent. So long as Deputy Commissioners pay no heed to the request contained in our covering docket for the return of these forms as soon as possible. I am unable to suggest anything else than a special order from Government on the subject calling attention of all the officers concerned to the very great desirability of treating such Returns as urgent.

No. 2306-15—R. F. 56-97, DATED BANGALORE, 17TH SEPTEMBER 1898.

ORDER THEREON.—The principal cause of delay in the issue of the Annual Rainfall Registration Reports seems to be in the Deputy Commissioners' offices, and the extract from Mr. Cook's letter above printed is hereby communicated to Deputy Commissioners with a request that they will be good enough to adopt the necessary steps to avoid all possible delays. It is evident also that the Superintendent of the Government Press can materially help Mr. Cook in the early issue of the Report and the subject is commended to his best attention. In view of the co-operation he might fairly expect from the officers above mentioned, Mr. Cook will be good enough to state what date may be fixed as that within which the Annual Report may be looked for.

READ—

Letter No. 163, dated 1st September 1898, from the Superintendent of Revenue Survey in Mysore.

I have the honor, in continuation of this office letter No. 854 of the 25th June 1897, the proposals contained in which were approved of by Government in Proceedings No. 6297-9—R. F. 44-92, dated 13th December 1897, to submit a statement showing the remission which I recommend, being granted in 11 villages of the Shikarpur and 2 villages of the Shimoga taluk. I revised the Garden Assessment of these villages at the same time as I revised the Garden Assessment of the tract generally to which Government Proceedings No. 1888-90—R. F. 44-92, dated 19th August 1896 applied, but did not at the time bring the results on the General list.

2. The total amount of remission to be granted in these 13 villages comes only to Rs. 361-12-0 and I think it would be inadvisable to withhold it, as remission was granted in all the other villages of the old Anantapur taluk to which they once belonged, under the authority of Government Proceedings No. 590-2—R. F. 44-92, dated 30th March 1897.

3. I will hold the issue of supplementary Akarbands in abeyance until I learn the decision of Government on the proposed remission.

Revenue, dated 17th September 1898.

Statement showing the remission of Assessment on Supari Gardens in the taluks of Shikarpur and Shimoga as per Government Order Camp No. 590-2—R. F. 44-92, of 30th March 1897.

No. 2316-7—R. F. 44-92, DATED BANGALORE, 17TH SEPTEMBER 1898.

ORDER THEREON.—The proposal which involves a remission of Rs. 361-12-0 commends itself to Government and is accordingly sanctioned. Supplementary Akarbunds may be issued as early as practicable.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Revenue Survey in Mysore.
The Deputy Commissioner, Shimoga District.

No. 2327-34—R. 940, DATED BANGALORE, 17TH SEPTEMBER 1898.

ORDER.—It having been represented during the Dasara Representative Assembly held in October 1897, that the Kammi Jasti Pattas which are now written up and issued by Shanbhoges, should hereafter be distributed at the Jamabandi time under the seals and signatures of the Amildar and the Jamabandi Officer, so that such Pattas may not be rejected in Civil or Revenue Courts for want of proper authentication, (*vide* Subject No. 148 of the D. R. A. Proceedings of 1897), Government are pleased to direct that henceforth all such Pattas when produced at the Jamabandi time, be issued under the seals and signatures of the Amildar and the Jamabandi Officer.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

Proceedings of the Government of Mysore,

READ—

Letter No. 204, dated 18th August 1898, from the Deputy Commissioner, Mysore district, soliciting sanction of Government to the appropriation, for cultivation purposes, of the land described in the margin in the Dandiganahalli village, Honakere hobli, Nagannangala taluk.

	Extent.
Out of Gomal Survey No. 100 ..	A. G. 4 0

No. 2523-4—R. 989, DATED BANGALORE, 23RD SEPTEMBER 1898.

ORDER THEREON.—The records submitted with the above show that the land in question was granted to one Nanje Kempa in public auction in 1890 by the Amildar, as per orders of the Sub-Division Officer, for cultivation purposes, on temporary assessment, but without the sanction of Government.

2. The Deputy Commissioner now reports that the practice of giving lands on darkhasts for cultivation on the Amildar's responsibility was in vogue for some years after the settlement, that the land in question was granted according to this practice, and that the villagers raise no objection to the land being continued to the occupant.

3. He accordingly recommends that the formal sanction of Government may be accorded to the grant.

4. Under these circumstances, the Deputy Commissioner's recommendation is sanctioned, the proper assessment leviable on the said land being fixed in communication with the Superintendent of Revenue Survey in Mysore and substituted, with effect from year of grant of the land, for the temporary kandayam hitherto levied.

5. The Deputy Commissioner is requested to report whether Government sanction has been obtained in the case of gomal land No. 75 of Tiruganahalli which is stated to be similar to the one in question.

6. The irregular practice brought to light in this case, should, if it still exists, be discontinued at once. Government sanction should be obtained as quickly as possible to all grants already made in pursuance of the practice.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Mysore District, returning vernacular papers.

The Superintendent of Revenue Survey in Mysore, with copy of gomal statement.

No. 2595-602—R. 1029, DATED BANGALORE, 27TH SEPTEMBER 1898.

ORDER.—The Government of Mysore are pleased to direct that when dealing, under Section 59 of the Mysore Land Revenue Code, with cases of unauthorized cultivation of land, the Deputy Commissioners, Sub-Division Officers and Assistant Commissioners in charge of taluks shall have power to remit such portion of the assessment chargeable, as may appear to them, on view of the circumstances, to be reasonable and desirable. It must, however, be understood that the power to grant remission, hereby conferred, is to be exercised only in cases where a strict enforcement of the provisions of the section above cited would seem to be inexpedient and result in undue hardship.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Deputy Commissioners of Districts:

Revenue, dated 28th September 1898.

READ—

Returns of "Revenue Cases" and "Miscellaneous Proceedings" filed, disposed of and pending in the several Revenue Courts of the State for the months of April, May and June 1898.

No. 2617-24—R. 1036, DATED BANGALORE, 28TH SEPTEMBER 1898.

ORDER THEREON.—The appended statement marked A, prepared in this office, shows the number of "Regular," "Original," "Appeal" and "Referred" Cases filed and disposed of during the three months under review as compared with the number disposed of during the corresponding period of 1897.

2. The dates of the oldest cases pending in all the districts except Hassan, Shimoga and Kadur, (where there are no old cases pending) are given below :—

Bangalore	...	15th June 1895.
Kolar	...	8th August 1895.
Tumkur	...	19th February 1897.
Mysore	...	8th September 1894.
Chitaldrug	...	4th November 1897.

Every endeavour should be made by the Deputy Commissioners of Bangalore, Kolar and Mysore to dispose of all old cases at an early date.

3. The disposal of "Petitions" and "Miscellaneous Revenue Proceedings" is exhibited in the statement marked B. The number shown as pending under "Orders, Reports, &c.," in the Tumkur district is very large and calls for early attention.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

Proceedings of the Government of Mysore,

FINANCIAL

Proceedings of the Government of Mysore,

READ—

Letter No. 158—126, dated 19th August 1898, from the Deputy Commissioner, Shimoga district.

No. 2116-9—R. F. 8-98, DATED BANGALORE, 12TH SEPTEMBER 1898.

ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Yelagale in the Sagar taluk.

2. The Bank is proposed to be established by 13 Members for the benefit of Yelagale and 9 other villages in the said Sagar taluk. The Members own 280 acres, the aggregate value thereof being estimated at Rs. 32,000 with a liability of Rs. 3,850.

3. The Members propose to start the Bank with a capital of Rs. 25,000 but the Amildar and the Inspector of Agricultural Banks restrict the loan to Rs. 15,000, while the Deputy Commissioner differs from them and recommends the grant of Rs. 12,000 for the reasons assigned in the letter.

4. Government, under the circumstances, sanction an advance not exceeding Rs. 12,000 being made for the Agricultural Bank referred to above, and authorise the Deputy Commissioner to place the said amount for the purpose in the Sagar Taluk Treasury. Interest must be recovered from the Bank half-yearly up to 30th June and 31st December of each year at 4 per cent per annum on the sums actually borrowed by the Bank.

5. The Memorandum and Articles of Association will be returned to the Deputy Commissioner, with a request that he will take steps to get the same duly registered. The existing encumbrances must all be discharged and the documents, &c., connected therewith taken back and properly secured.

6. The Deputy Commissioner is requested to explain the principles attached hereto regulating these institutions to the Members of this Bank and ascertain and report whether the Government advance will be supplemented by any deposits from the Members themselves, and when the advance made by Government will be re-paid and in what manner.

“The increasing number of proposals to establish such Banks, and the applications made for the help of Government to such proposed Banks by means of loans from the Treasury show the want of a sufficient appreciation of the scope and essential principles upon which alone such Banks can be expected to be successfully maintained.”

(2). “Mutual co-operation and self-help are the essential foundations of the system. In other countries these Banks have had to pledge the united credit of their Members and upon such credit to borrow money from the ordinary Exchange Banks at moderate rates of interest, but such borrowing was found necessary only in the earlier stages as in the course of a few brief years, the Members were themselves able to advance their savings as loans to the Banks and the Bank was able to lend money (out of such loans) to the poorer Members in need of help. If the persons proposing themselves into the Association in question do not prescribe a similar line of policy for their scrupulous future conduct, the system will fail to achieve the object in view.”

To—The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.
The Registrar, Chief Court.

READ—

Correspondence ending with letter No. 236, dated 31st August 1898, from the Deputy Commissioner, Mysore district.

No. 2613-16—R. F. 122-97, DATED BANGALORE, 27TH SEPTEMBER 1898.

ORDER THEREON.—With the above, the Deputy Commissioner re-submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Chamrajnagar kasba.

2. The Bank is proposed to be established by 64 members for the benefit of Chamrajnagar and 33 other villages in the Chamrajnagar taluk. The members own 746 acres, 35 guntas of land, of which 27 acres, 23 guntas are inam, the aggregate value thereof being estimated at Rs. 73,208 with a liability of Rs. 25,240 apart from other debts amounting to Rs. 4,750.

3. The members propose to start the Bank with a capital of Rs. 70,000, but the Deputy Commissioner and the Inspector, Agricultural Banks, think that an advance from Government of Rs. 35,000 is sufficient.

4. Under the revised terms explained in the letter read above, Government sanction an advance not exceeding Rs. 35,000 being made for the Agricultural Bank referred to above, and authorize the Deputy Commissioner to place the said amount for the purpose in the Chamrajnagar Taluk Treasury. Interest must be recovered from the Bank half-yearly up to 30th June and 31st December of each year at 4 per cent per annum on the sums actually borrowed by the Bank.

5. The Memorandum and Articles of Association will be returned to the Deputy Commissioner with a request that he will take steps to get the same duly registered. The existing encumbrances must all be discharged and the documents, &c., connected therewith taken back and properly secured.

6. The increasing number of proposals to establish such Banks and the applications made for the help of Government to such proposed Banks by means of loans from the Treasury show the want of a sufficient appreciation of the scope and essential principles upon which alone such Banks can be expected to be successfully maintained.

7. Mutual co-operation and self-help are the essential foundations of the system. In other countries these Banks have had to pledge the united credit of their members, and upon such credit to borrow money from the ordinary exchange Banks at moderate rates of interest, but such borrowing was found necessary only in the earlier stages, as in the course of a few brief years, the members were themselves able to advance their savings as loans to the Banks, and the Bank was able to lend money (out of such loans) to the poorer members in need of help. If the persons proposing themselves into the Association in question do not prescribe a similar line of policy for their scrupulous future conduct, the system will fail to achieve the object in view.

8. The Deputy Commissioner and the Inspector, Agricultural Banks, will satisfy themselves by personal inspection, from time to time, that the lands held as security for the Government money advanced are kept in efficient condition and not allowed to deteriorate in value.

9. The present promise of the members to repay the advance within 20 years, which is too long a period, cannot be accepted. The Deputy Commissioner is requested to fix a reasonable time, not exceeding 10 years, within which the amount advanced by Government should be repaid in suitable instalment. It is desirable that with this object the Bank should, in addition to the difference between the interest realized from its members and the interest payable to Government, put by (in the shape of deposit) a fixed sum every year as a Reserve Fund, which at the end of a reasonable period, say 8 or 10 years, would enable it to pay the loan obtained from Government and to carry on further transactions independently of Government help.

Financial, dated 30th September 1898.

READ—

Letter No. 1592—138, dated 5th September 1898, from the Comptroller to the Government of Mysore, submitting for orders the Budget Estimates of the State for the year 1898-99.

2. Letter No. 1614—R. 145, dated 8th September 1898, from the Comptroller to the Government of Mysore, forwarding a list showing certain items of expenditure provided in the estimates received from Deputy Commissioners and Heads of Departments but omitted by him in the Budget for want of Government sanction.

No. 2690-91—FL. 263, DATED BANGALORE, 30TH SEPTEMBER 1898.

ORDER THEREON.—The Budget for 1898-99 submitted with the first of the two letters read above is sanctioned and returned to the Comptroller, with the modifications noted below :—

2. The provisions made against the marginally noted three items of expenditure under the head "Miscellaneous" have been struck out as fairly accurate estimates cannot be now formed regarding them, and the word "unestimated" inserted opposite to them.
- | | | |
|--|------------|--|
| 1. Charges incurred in the reception of distinguished personages | Rs. 10,000 | |
| 2. Special or unusual charges | 40,000 | |
| 3. Charges in connection with prevention of plague | 40,320 | |

3. As regards the expenditure under "Railways," the items "Guaranteed interests payable to the Southern Mahratta Railway Company" (Rs. 800,000) and "Direction and Accounts" (Rs. 5,000) have been retained, and the provision of Rs. 9,00,000 made for construction of Birur-Shimoga line has been reduced to Rs. 6,00,000 so as to correspond with the Railway Budget already sanctioned. The estimated charges under certain other items sanctioned in the Railway Budget, but not included in the Comptroller's Budget, have now been inserted therein, the total estimated expenditure under "Railways" for 1898-99 being thus fixed at Rs. 17,74,000 instead of Rs. 17,05,000.

4. With the above alterations the total estimated Receipts and Expenditure for 1898-99 stand as noted below :—

Receipts.		Expenditure.	
	Rs.		Rs.
Total Ordinary Revenue	1,81,90,000	1. Total Charges of Administration.	1,74,40,000
State Railway	7,00,000	2. State Railway	17,74,000
Share of Excise Revenue due to Civil and Military Station	20,000	3. Share of Excise Revenue payable to Civil and Military Station	20,000
Total	1,89,10,000	Total	1,92,34,000

5. No orders are now called for on the second of the letters cited above. Any additional allotments that may become absolutely necessary hereafter will receive due consideration, if separately submitted for the orders of Government.

C. SREENIVASIENGAR,

The Secretary to the Government of Mysore for Railways.

FOREST

Proceedings of the Government of Mysore,

READ—

The following papers relating to the settlement of the boundary dispute between Mysore and the Nilgiri-Wynaad:—

(1) Proceedings of the Government of Madras No. 244, dated 29th April 1898.

READ—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 75, dated 22nd February 1898:—

Read—the following letter from C. G. DOUGLAS, Esq., District Forest-officer, Nilgiris, and G. E. RICKETTS, Esq., Assistant Conservator of Forests in Mysore on Special Duty, to the Secretary to the Commissioners of Land Revenue (through the Collector of Nilgiris and the Conservator of Forests, Southern Circle, Coimbatore), dated Camp, Denne, 13th December 1897, No. 135-B:—

With reference to paragraph 2 of Government Order, No. 466, Revenue, dated 17th June 1897, and to the letter from the Resident in Mysore, to the Secretary to the Government of Madras, Revenue Department, dated 11th October 1897, No. 4243, which forms the subject of Government Order, No. 892, Revenue, dated 26th October 1897, we have the honor to report the completion of the survey and demarcation of the Nilgiri-Mysore boundary as settled by the Boundary Commissioners, appointed under Government Order, No. 1083, dated 17th March 1896, whose decision is recorded in the first of the Government Orders above quoted.

2. We enclose a map showing the line demarcated in compliance with the Commissioners' award and showing also the boundary as originally surveyed by Colonel Cloete in 1875-76. For purposes of comparison we also enclose a tracing of the map dated 25th May 1897 on which the Commissioners laid down the line to be observed.

3. In its Proceedings, dated 25th May 1897, the Boundary Commission records its award as follows:—

* * * * *

"2. Resolved also that Colonel Cloete's survey may be accepted from where it leaves the Mavinhalla to where it joins Karakanavai.

"3. That to the east the line should run as shown in that map of Colonel McCullagh which has been signed by all members of the Commission, till it reaches the Honnurhalla as shown; running down that river till it reaches the point of no dispute at A."

4. On the map of Colonel McCullagh referred to above, tracing of which accompanies this report, the line is thus described.

"D represents Colonel Cloete's Karakanavai. West of D his line is accepted. South of B his line is accepted. From D the line shall be demarcated as shown by the line D, C, B."

5. Thus, working the line from east to west, which is the course we followed, as did Colonel Cloete, the Commissioners' award is defined by the points A, B, C, D, E, F, as shown on our map and on that of the Commissioners up to D.

A is the point of no dispute, between which and the confluence of the Kakanhalla and Mayar rivers, forming the old Nilgiri, Malabar and Mysore trijunction, where Colonel Cloete's survey began, the boundary has never been questioned by either side.

B is the point where the Commissioners' award diverges from Colonel Cloete's Honnurhalla line and assumes a north-westerly direction towards D.

C is a prominent point marking the line between B and D.

D is the well-known Karakanavai, as shown by the Atlas sheet of 1833 and by Colonel Cloete but not by Colonel McCullagh's topographical survey of 1884-85. Every hillman in the country side is familiar with this point.

E is a point we have added on Colonel Cloete's accepted line west of D where it takes an abrupt turn to the south on its way to the Mavinhalla.

F is the point where Colonel Cloete's line joins the Mavinhalla, also locally known at this part on the British side as the "Dodhalla."

The points A and F, at either extremity of the Commissioners' line, thus form points of "no dispute."

6. It will simplify matters if we now explain by what means we satisfied ourselves of the identity of the line now laid down with the boundary prescribed by the Commissioners' award.

Point A.—We had not much difficulty in verifying this. It is the point where Colonel McCullagh's Mavinhalla line, *vide* his map, strikes Colonel Cloete's Honnurhalla line, and the spot is marked by a ridge running down to the Honnurhalla from the sources of the Mavinhalla. It is also marked by the Mysore fire line which by special agreement on both

sides has, for some years past, followed Colonel McCullagh's boundary. The fire line was unmistakable and was shown to us by Mr. B. Sreenivasa Rao, Sub-Assistant Conservator in charge of the range. We further verified the point by measurements up and down the Honnurhalla to streams shown in Colonel McCullagh's map as tributaries, the result in each case corresponding exactly with the distance given on the map, the topography of which we may here say, once for all, we found throughout unimpeachable.

Point B.—This was fixed by measurement from A and found the distance in exact agreement with that given on Colonel McCullagh's map signed by the Commissioners. We confirmed the position by a stream which as shown on that map here enters the Honnurhalla from the westward and bisects the circle by which the Commissioners indicate this point.

Point C.—We ascertained this by bearings and distances taken from the Commissioners' map. These followed up on the ground by chain and plane table led us exactly to point C which our surveyors were able to verify further by means of bearings taken of its position with reference to Gopalswamibetta and other important topographical points in Colonel McCullagh's map.

Point D.—This, as said above, is an already well-known point and was very clearly marked by Colonel Cloete in 1874-75 by a large flat stone, and this point we fetched by following a line practically identical with that laid down on the Commissioners' map on which however the Kanovai is not shown by Colonel McCullagh who, it is understood, was not aware of its existence at the time of his survey.

7. Having reached D we found it impossible to continue the line from so great a distance as our camp on the Honnurhalla, and we therefore came round *via* Bandipur, Mudumalai and Bennu and pitched camp not far from where we hoped to pick up the other end of Colonel Cloete's line to the westward where it joins the Mavinhalla.

Point E.—We were now working from west to east and had to find F before we could fix E, but having accomplished that we had no further difficulty as we had only to follow Colonel Cloete's stones, and we fixed point E at one of these on the spot where it is shown on our map.

Point F.—This point gave us more trouble than any of the others owing to the unaccountable reticence of our Jain Kurumbar guide, who, however, as we afterwards discovered, knew the whole line from the Mavinhalla to Karakanavai, as did also the Berambadi Kurumbars on the Mysore side. In paragraph 7 of his descriptive memorandum, dated 4th August 1876, *vide* Government Order, No. 2132, dated 22nd December 1876, Colonel Cloete describes this point as being 2½ miles from the junction of the Maragathe Tode with the "Dodhalla" or Mavinhalla. This junction we found easily. As will be seen from our map, it is the Mysore-Nilgiri and Malabar trijunction, but though we searched the banks of the Mavinhalla on both sides carefully for the distance stated, we could find no sign of the point F and our hill people would not help us. Next day we made straight across country for the place where we left off the day before, and our Kurumbars, perhaps because they saw we meant business, took us at once to the Sipan tode or "Sipangadde" and showed us where the first stone should be and there we found it buried in sand at the junction with the "Dodhalla" or Mavinhalla just about the distance from the trijunction stated by Colonel Cloete. There was no room for doubt, Colonel McCullagh's line followed the main stream (Mavinhalla) eastward, Colonel Cloete's line turned up the Sipan tode north-east, and we had only to follow the pointers on his stone to find another with "M" and "N" clearly cut on it and, still further on, we reached the stone where we have fixed point E, whence the line follows the Sipanhalla to Karakanavi.

8. *Survey and Demarcation.*—Our instructions were to go over the whole line, that is, the disputed portion settled by the Commission of 1897, and demarcate it with a broad clearing and masonry pillars. We have cleared a line of 33 feet from B to D which no one who re-visits it can possibly mistake, and as it is understood that this will form the basis of the future Mysore fire line, there is a guarantee of its being kept permanently open. We found "masonry pillars" quite impracticable and as there was not time to make a reference, we decided to substitute pillars of dressed granite, 18 inches broad and about 8 or nine inches thick. These have been deeply planted and stand about 4 feet above the ground. On one side is cut "Nilgiris" and on the other "Mysore," while along the top is cut "1897". They are so placed of course as to indicate the direction of the line from and to each stone and are fixed close to survey stones at each of the points A, B, C, D, E, F. In addition to this, the points B, C, D are marked by the Mysore Revenue Survey "Bands", i. e., cairns of turf and stone measuring about 6 feet x 3 feet x 3 feet and pointing up and down the course of the line; these are repaired annually. The Commissioners recommended the demarcation of the D, C, B line only, but we began at A and added E and F to make the line from Karakanavai to the Mavinhalla more definite on the ground. From the Nilgiri trijunction on the east up to A, where the line is water marked by the Kakanhalli and Honnurhalla streams and has, moreover, never been under dispute, we made no clearing, nor did we clear from A to B where the line also follows the Honnurhalla and has, moreover, been accepted. Again from Karakanavai westwards and

Forest, dated 14th September 1898.

southwards we did not clear the boundary, as it is already defined by streams and has been accepted, but we have erected pillars at E and F the principal points. Survey operations were confined to the line B, C, D, because up to B and from D to F the boundary has already been surveyed and the new line can easily be connected with the accepted portions of the old one.

9. *General remarks.*—The country through which this boundary has been laid has, more than once, been referred to in the voluminous correspondence which relates to the dispute as little known or frequented and very feverish. Amongst our chief difficulties were the want of labour and the prevalence of fever, supplies too were scanty and expensive and had far to come. Our people suffered many privations and much discomfort. Mr. D'Lima, Head Surveyor, Madras Survey, was compelled to return to Ootacamund before we finished, as he was completely prostrated by fever. He, however, stuck to his work manfully until point D was reached. Mr. Guru Row Bheemaji, Mysore Revenue Surveyor, deserves favorable mention for the plucky way in which, though an elderly man, he persevered till his services were no longer required. He too suffered much from fever. Mr. Sreenivasa Iyengar, Surveyor, Mysore Forest Department, rendered invaluable service. He saw the work out to the end and from first to last, displayed the most praiseworthy energy and zeal. The boundary pillars gave us some trouble. To set up masonry pillars in that country and with the labour available would have prolonged operations indefinitely. As it was, we had to get the pillars prepared at Gundlupet. We got them as far as our first camp without any serious difficulty, but there the trouble began and at times it seemed impossible that we should ever succeed in conveying them to the apparently inaccessible points of the boundary where we had to place them.* We succeeded, however, and we think they are about as good and durable a form of demarcation as could well be found for the occasion.

10. The services of the Mysore elephants were invaluable, but for them, perhaps, the work could not have been completed this year, certainly not before the most unhealthy season set in.

11. On a previous occasion in connection with this boundary, it was ordered that the District Forest-officer, Nilgiris, should inspect and report annually upon it after its permanent demarcation. This, however, was overlooked, and the order has not on this occasion been repeated. We venture to submit that such an inspection would be by no means superfluous as the boundary lies in a distant part of the forest not likely to be regularly visited. We therefore suggest for consideration whether it would not be well to arrange that the boundary as now settled and demarcated be inspected and reported upon in alternate years by the Nilgiri and Mysore Forest-officers, respectively, it being distinctly understood that no controversial matters should be revived but that report should be made to the effect that the line now laid down from A to F has been inspected and found open and in good order or otherwise.

12. An account of all expenditure is in course of preparation and will be submitted as soon as possible.

Endorsement by H. A. STUART, Esq., Acting Collector of Nilgiris, dated 24th January 1898, Ref. on Cur. No. 135-B.

Forwarded.

2. The demarcation has been carried out most successfully and a long pending dispute has at last been settled.

3. Mr. Douglas has been put to heavy expenditure in connection with this special duty and it is recommended that he be granted a deputation allowance.

Endorsement by the Conservator of Forests, Southern Circle, dated Coimbatore, 12th February 1898, No. 3108.

Forwarded.

It is satisfactory, as the Collector remarks, that "a long pending dispute has at last been settled".

2. I hardly see the necessity for the proposed special annual inspection of this settled boundary as it has now been demarcated and surveyed, and will fall in with the rest of the Mysore boundary in that neighbourhood.

* "Note by District Forest-officer, Nilgiris."—It is only fair to Mr. Bickett to say that the credit of this achievement is mainly due to his ingenuity and resourcefulness.

Proceedings of the Government of Mysore,

Resolution—Forest No. 75, dated 22nd February 1898.

Submitted to Government.

2. In its order No. 466, dated 17th June 1897, the Government accepted the suggestions of the Commissioners appointed in connection with the Mysore-Nilgiri boundary dispute, that the boundary line as settled by them should be permanently demarcated with a broad clearing and masonry pillars. The work was to be carried out by a surveyor to be deputed by the Superintendent, Madras Survey, the details being decided by Messrs. C. G. Douglas and G. E. Ricketts, representing the interests of the Madras Government and the Mysore Durbar, respectively.

3. The paper read above contains the joint report of these two officers on the completion of the work in question. The line of the boundary adopted follows that settled by the Boundary Commissioners, but while the clearing of the line has been effected, it has not been found practicable to construct masonry pillars in pursuance of the suggestion of the Commissioners. Pillars of dressed granite are reported to have been fixed instead in such a manner as to indicate the direction of the line from point to point.

4. In paragraph 11 of the joint report it is suggested that the boundary as now settled and demarcated should be inspected and reported on in alternate years by the Nilgiri and Mysore Forest officers, respectively. In offering this suggestion the officers refer to the direction given in Government Order, No. 1182, dated 27th July 1878. The Conservator states that, in his opinion, such an inspection is hardly necessary, but the Board agrees with Messrs. Douglas and Ricketts that it is eminently desirable to revive the rule regarding periodical inspections. The pillars are likely to be removed or damaged in various ways, and the cleared line is apt to be overgrown so as to render the discovery of the pillars difficult. It is, however, observed that the cleared boundary from B to D will probably "form the basis of the future Mysore fire line," and as the joint report indicates, this will provide a guarantee that the line is kept permanently open.

5. The Board notes that the officers and subordinates concerned in this arduous and important work of survey and demarcation have performed their duties very well, and the work has been accomplished with great expedition. The question of granting Mr. Douglas a deputation allowance is raised in the Collector's endorsement, but it has since formed the subject of a separate communication, and will be submitted to Government very shortly.

(True Copy and Extract.)

(Signed) R. C. C. CARR,
Secretary.

To the Secretary to Government, Revenue Department,
with two sketch-maps to be returned.

ORDER—No. 244, Revenue, dated 29th April 1898.

Miscellaneous.

The Government concurs with the Board of Revenue in considering that the boundary line as now settled and demarcated should, as suggested

by Messrs. Douglas and Ricketts, be inspected and reported on in alternate years by the Nilgiri and Mysore Forest officers, respectively. The Resident in Mysore will accordingly be requested to ascertain if the Durbar has any objection to accepting the above proposal.

2. The Government also agrees with the Board of Revenue that the work of surveying and demarcating the boundary line has been done well and expeditiously by the officers and subordinates concerned.

3. The following letter will be despatched to the Resident in Mysore.

(True Extract.)

(Signed) G. S. FORBES,
Ag. Secretary to Government.

To the Board of Revenue (Land Revenue),
with two sketch maps returned.

(2) Letter No. 2637, dated 28th May 1898, from the First Assistant to the Resident in Mysore to the Dewan.

1. With reference to correspondence ending with your letter No. 3537—Ft. F. 129-95, dated the 8th October 1897, on the subject of the demarcation of the boundary between Mysore and Nilgiri-Wynnad, I am directed to state that the officers deputed for the work, Messrs. C. G. Douglas and G. E. Ricketts, have, in a joint letter addressed to the Secretary

Forest, dated 14th September 1898.

to the Commissioner of Land Revenue, dated the 13th December 1897, reported the completion and demarcation of the boundary. It appears that it has not been found practicable to put up masonry pillars as suggested by the Commissioners who settled the line, and that pillars of dressed granite have been fixed instead, so as to indicate the direction of the line from point to point.

2. In their joint report Messrs. Douglas and Ricketts have suggested that the boundary as now settled and demarcated be inspected and reported on in alternate years by the Mysore and Nilgiri Forest officers, respectively. This suggestion commends itself to His Excellency the Governor in Council, and I am to inquire if the Durbar have any objection to accepting it.

3. A copy of the marginally noted proceedings of the Madras Government in which are embodied the joint report of Messrs. Douglas and Ricketts, and the Resolutions of the Board of Revenue thereon, is enclosed for information.

G.O. No. 244, Rev.,
dated 29th April
1898.

(3) Letter No. 11777—Ft. F. 129-95, dated 16th June 1898, from the Secretary to the Government of Mysore, Revenue and General Departments, to the First Assistant to the Resident in Mysore, with copy to Conservator.

In reply to your letter No. 2637, dated the 28th May 1898, forwarding a copy of Proceedings of the Madras Government, on the subject of the demarcation of the boundary between Mysore and Nilgiri Wynnad, I am directed to state that the Durbar agree to the boundary line as now settled, being inspected and reported on in alternate years by the Nilgiri and Mysore Forest officers.

No. 11778—Ft. F. 129-95, dated 16th June 1898, copy forwarded to the Conservator of Forests in Mysore for information with reference to his letter No. 3509—201, dated 24th January 1898, and with a request that he will take action to ensure this periodical inspection and to keep the boundary line clear as a Forest Fire Line.

No. 2238—Ft. F. 129-95, DATED BANGALORE, 14TH SEPTEMBER 1898.

ORDER THEREON.—Recorded and communicated to the Conservator of Forests in Mysore.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore, with 10 spare copies.

The Superintendent of Revenue Survey in Mysore, with 3 spare copies.

READ—

The following letter No. 617—41, dated the 10th August 1898, from the Conservator of Forests in Mysore :—

Adverting to Government Notification No. 8, dated 10th April 1884, defining boundaries of the State Forests in the Bangalore district, I have the honor to submit copy of memo and statement received with the Deputy Commissioner's docket No. 66 of 3rd instant, together with a draft Notification containing the description of cart-tracks and foot-paths to be closed or kept open for public traffic in the Mannugudda State Forest, and to request that the draft may be approved and notified. It is undesirable to have unnecessary communications in a demarcated forest, the closure of which causes the least inconvenience and obviates the extra cost of fire watchers and fire lines.

2. The breadth of the cart-track will be fixed at 12 feet and that of foot-path for only men and cattle at 6 feet, where they are not closed.

No. 2236—Ft. F. 155-95, DATED BANGALORE, 14TH SEPTEMBER 1898.

ORDER THEREON.—The Government approve of the draft Notification containing the description of cart-tracks and foot-paths to be closed or kept open for public traffic in Mannugudda State Forest, Bangalore district, and accordingly direct that the Notification as appended hereto be published in the *Gazette*.

2. The Conservator of Forests is requested to arrange for its publication in the taluk in which the State Forest is situated.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.

NOTIFICATION.

No. 2237—Pt. F. 155-95, dated 14th September 1898.

Government direct the publication of the following list of cart-tracks and foot-paths which are either finally closed or kept open for the use of the public in the Mannugudda State Forest of the Bangalore district, whose boundaries have been published under Government Notification No. 8, dated 10th April 1884, in the Mysore Gazette of the 26th idem :—

No.	From—	To—	Whether cart-track or foot-path.	Situation of the cart-track or foot-path.	Remarks.
1	Closepet ...	Dhannaikunpura.	Cart-track ...	This cart-track enters the Forest at the 1st furlong of the 6th mile stone, and leaves the Forest at the 7th furlong of the 4th mile stone on the fire line.	Kept open.
2	Gollaradoddi.	Channapatna.	Ditto ...	The cart-track enters the Forest at the 7th furlong of the 6th mile stone, and leaves the Forest between the 5th and 6th furlong stones of the 1st mile on the fire line near Hanumantarayana temple facing the public road from Mysore to Bangalore.	Closed.
3	Archikarahalli.	Kasapur and Kaanamangala.	Foot-path ...	This foot-path enters the Forest between the 5th and 6th furlongs of the 8th mile, and leaves the Forest on the other side between the 6th and 7th furlong stones of the 2nd mile on the fire line. A portion of this track is overgrown with thorns and shrubs.	Closed.
4	Vanderkuppa.	Ditto ...	Ditto ...	This foot-path enters the Forest at the 7th furlong of the 1st mile stone, and meets the cart-track that goes to Gollaradoddi and turns again towards Kaanamangala and leaves the Forest between the 6th and 7th furlong stones on the demarcation line.	Closed.
5	Closepet ...	Shanbhoganahalli.	Cart-track ...	This cart-track enters the Forest at the 3rd furlong stone of the 5th mile, runs on the demarcation line, and leaves the Forest at the 4th furlong stone of the 5th mile on the fire line. The track runs on the demarcation line for a distance of half a furlong. N.B.—The width of each of the cart-tracks kept open is 12 feet.	Kept open.

PETITION

Proceedings of the Government of Mysore,

Petition No 2298, dated 9th March 1898, of Gopalaiya of Lakkenahalli in the Nelaman-gala taluk, appealing against the order of the Deputy Commissioner, Bangalore District, declining to enquire into the petitioner's appeal against his dismissal from the shanbhogi office by the Kayamguttadar of Lakkenahalli.

2. Letter No. 1573, dated 1st June 1898, from the Deputy Commissioner, Bangalore District, to the Secretary to the Government of Mysore, General and Revenue Departments:—

With reference to your Official Memo No. Pet 1214 of the 26th March 1898, forwarding for report the petition of Gopalaiya, shanbhog of the Kayamgutta village of Lakkenahalli in the Nelaman-gala taluk, I beg to state as follows:—

2. The petitioner complains that the Kayamguttadar (Mr. B. G. Ramaswamiengar, who is my cousin) has told him not to collect the kadayam of the village with the object of eventually removing him from his office and that I, owing to my said relationship, have failed to redress his grievance.

3. When the petitioner made a similar petition to this office, he was informed that in such a matter where a Kayamguttadar wished to take up himself the collection of revenue in his village, apparently owing to misunderstanding between himself and the shanbhog, the Government could not interfere; but that if any *muras*, &c., was due to him (the shanbhog) he should recover it in due course. This is all that has transpired.

4. The record of the case is enclosed.

5. The petition under report and its 13 enclosures are herewith returned.

No. 2294-301—Pet. F. 21-98 DATED BANGALORE, 16TH SEPTEMBER 1898.

ORDER THEREON.—The Government regret to observe that the report submitted by the Deputy Commissioner is meagre and affords no information on the following points:—

- (a) whether the petitioner possesses a hereditary hak to the office of shanbhog,
- (b) whether he has service *Inam* lands,
- (c) whether he receives remuneration from the Kayamguttadar, and
- (d) if so, what amount, if any, is due to him.

2. A Kayamguttadar or a holder of an alienated village is bound to treat his village servants in accordance with the rules laid down by Government for the treatment of its village servants. When there is a complaint from either the holder of an alienated village or his village servant, the Deputy Commissioner should enquire into it and pass the requisite orders (*vide* Government Order No. 1345-P. 78, dated 27th May 1884 and No. 4041—217, dated 13th October 1884, pp. 65 and 66 of the Revenue Manual). Under Section 16 of the Mysore Land Revenue Code and Rule VI of the Land Revenue Rules, the holder of an alienated village is bound to keep certain Accounts and Registers, and it is clearly laid down in clause (2) Section 16 of the said Code that where there is a village accountant, it shall be his duty to prepare the Accounts and Registers under the control of the holder of the alienated village or his agent. What arrangements have been made in this respect by the Kayamguttadar of Lakkenahalli does not appear from the Deputy Commissioner's report. The Deputy Commissioner's attention is invited to the Government Orders above quoted and he is requested to dispose of the petitioner's complaint, after due enquiry on the merits.

Secy. to Govt., Gen. & Rev. Dpts.

To—The Deputy Commissioner, Bangalore District, with the records and the petition (including enclosures.)

The Deputy Commissioners of other Districts.

*Proceedings of the Government of Mysore,*Appellant
Subraya.

vs.

Respondent
Krishnappa.

READ —

Petition of Appeal No. 2363—O. S. 78 of 1897-98, presented by Subraya of Anati, Channarayapatna taluk, against the order of the Deputy Commissioner, Hassan District, appointing the respondent Krishnappa, to the shanbhog of Valagerehalli firka in the Channarayapatna taluk.

2. Letter No. 1111, dated 5th May 1898, from the Deputy Commissioner, Hassan District, reporting on the above.

3. The records of the case.

The facts of the case are as follows:—

The respondent's grandfather Goparasaiya was the original shanbhog of the villages now included in Anati and Valagerehalli firkas. He was succeeded by his son Subbaiya, who, owing to physical infirmities, resigned the office in favor of his distant cousin Lingappaiya in 1858. As Lingappaiya was unable to carry on the duties himself, the office was, in 1890, registered in the name of his minor son Subraya (the appellant). The villages comprising the shanbhogi having been split up into two firkas (Anati and Valagerehalli) at the Potgi Settlement, the appellant was called upon to nominate another officiator for one of the two firkas. The appellant, who has no issue requested that his wife's brother, Venkataramaiya, might be appointed as his gumasta for one of the firkas. About the same time, the respondent Krishnappa, who is the grandson of Goparasaiya having prayed for registry in his name of the shanbhogi of one of the two scales, the Deputy Commissioner held that, as the appellant had no issue, the next hakdar, whose claims deserved consideration under the Potgi Rules, was the respondent and that Subbaiya's resignation of the office in favor of the appellant's father Lingappaiya did not deprive the right of his brother, the respondent's father, and much less of the latter's minor son, the respondent. He accordingly directed, in consideration of the appellant and his father having discharged the shanbhogi duties since 1858, that the appellant should continue to be the shanbhog of the larger of the two firkas, viz., Anati, and that the respondent should be appointed to the shanbhogi of the Valagerehalli firka. Subraya has appealed to Government against this order.

No. 2388-95—P. F. 26 of 98, DATED BANGALORE, 19TH SEPTEMBER 1898.

ORDER THEREON.—The respondent is admittedly a hakdar and there is a surplus firka for which the appellant is unable to provide an officiator out of his own family. The Deputy Commissioner's order being in conformity with Rule XXIX of the Potgi Rules the same is hereby affirmed and this appeal dismissed.

(1). Petition of Appeal No. 177—1196 of 1895-96 presented by Puttaswamaiya of Maddur, Mandya taluk, against the order of the Deputy Commissioner of Mysore, declining to cancel the sale of a portion of Survey No. 148 of Nagarkere in the Mandya taluk.

(2). Correspondence ending with letter No. 63, dated 20th July 1898, from the Deputy Commissioner, Mysore District, submitting further report on the above petition.

(3). Records of the case received with the above letter, as also the records of O. S. No. 924 of 1894-95 on the file of the Munsiff of Seringapatam (Nanjundaiya vs. Lingegauda, Puttaswamaiya and others) received with docket No. 1913—3, dated 26th August 1898, from the District Judge, Mysore.

No. 2490-97—P. F. 11-98, DATED BANGALORE, 21ST SEPTEMBER 1898.

ORDER THEREON.—1. The facts of this case are briefly these:—

(i.) Appellant Puttaswamaiya and his minor step-brother Linga (represented by his mother Liugamma) were joint khatedars of portions of Survey Nos. 148 and 199. In April 1890, one J. Ninga, occupant of the other portion of Survey No. 199 relinquished his portion, and the appellant and his brother were called upon, by a notice, to state whether they would take up the relinquished portion

Petition, dated 21st September 1898.

or relinquish their portion also. Appellant noted at the foot of the notice his willingness to relinquish his portion, while Lingamma denied all knowledge of the land. But the whole of the land was entered in the appellant's khata for 1890-91. A sum of Rs. 5-2-3 due on the appellant's khata having fallen into arrears, the said land together with the portion of Survey No. 148 was attached and put up for sale on 26th December 1891. Survey No. 199, for which there was no bidder, was purchased for Government, and the other land was knocked down to 2nd respondent, Narnappa, for Rs. 9. The Amildar recommended confirmation of the sale of Survey No. 148 and cancellation of that of the other, on the ground that the whole amount of arrears was realized by the sale of the former land. On 5th August 1892 the Sub-Division Officer directed that Survey No. 199 might be restored to the appellant, if he was willing to have it, and that if not, it might be resumed on behalf of Government. The Amildar assuming that the above order conveyed confirmation of the sale of Survey No. 148, directed the sheikdar to take the necessary action and to ascertain the appellant's wishes regarding the other land. The appellant declined to have anything to do with the land, stating that he has already resigned it.

(ii.) In the meanwhile, a notice of demand was issued to the appellant on 10th June 1892, for arrears of kadayam due on Survey No. 199 and part of No. 148 as well as other lands for the year 1891-92, and on 30th July part of No. 148, the land in question, was placed under attachment. But the appellant paid the arrears except what was due on Survey No. 199.

(iii.) In September 1892, the appellant complained to the Amildar and subsequently to the Sub-Division Officer that Survey No. 199 was included in his khata in spite of his relinquishment, that when a demand notice was issued to him, he tendered the arrears except the assessment on Survey No. 199, but that the sheikdar and the shanbhog refused to receive the same, unless the whole amount was paid up, that the shanbhog led him to believe that only No. 199 was attached and was to be sold, brought about the sale clandestinely and collusively and purchased the land himself for a low price, Narnappa being only a nominal purchaser.

(iv.) During the enquiry held by the Amildar in pursuance of the Sub-Division Officer's order, patel Huchegauda, and the sheikdar's peon, Sidda, stated that the sale was held in the village temple (contrary to the Haraz patti wherein the sale is stated to have been held near the land), that besides themselves, only three persons were present at the sale, *viz.*, the sheikdar, the shanbhog and the purchaser Narnappa, and that they were not informed that the sale referred to the appellant's land. The shanbhog denied all personal knowledge of the sale and his presence at the time. But the sheikdar deposed that the shanbhog was present and wrote with his own hand at the foot of the Haraz patti the names of a number of persons to show that they were present at the sale. Of these persons, four that were examined denied all knowledge of the sale. The patel and one Venkatagirisetti deposed that, long after the sale, the shanbhog admitted before them his having fraudulently deprived the appellant of the land. The patel denied having signed the attachment list and the sale notification.

(v.) In September 1894, the Sub-Division Officer, to whom the records were submitted, declined to cancel the sale, and his order was confirmed on appeal by the Deputy Commissioner in July 1895. The present appeal to Government is against the above order.

(vi.) While the enquiry referred to above was still going on, the patta of the land was transferred in 1892-93 to the name of Narnappa, who, on 10th April 1893 conveyed the land to 1st respondent, Nanjundaiya, for Rs. 40. The latter filed a suit on 12th February 1895, in the Court of the Munsiff of Seringapatam, for possession of the land and obtained a decree on 20th January 1896.

(vii.) The Deputy Commissioner has reported that there is nothing to show that the sale was ever formally confirmed by any competent authority, and that the evidence recorded renders it extremely difficult to believe that the sale was duly published or regularly held in an open manner so as to avoid substantial injury or damage to the khatedar.

2. On a careful perusal of the proceedings and the report of the Deputy Commissioner summarized above, Government are of opinion that there was material irregularity in publishing and conducting the sale of land Survey No. 148 in question, and that a deception was practised by the shanbhog in collusion with the ostensible purchaser to deprive the appellant of the land.

3. There was actually no confirmation of the sale as pointed out by the Deputy Commissioner.

4. Though the land (Survey No. 148) was sold in December 1891, yet it was again placed under attachment for arrears due by the appellant. This lends probability to the truth of the appellant's allegation that the shanbhog was privy to the fraud.

5. The sale took place on the 26th December 1891, and the appellant's first complaint, in regard to it, was laid on 27th September 1892. While this complaint was pending enquiry and correspondence was being carried on between the Amildar and Sub-Division Officer from November 1892 to September 1894, the taluk authorities irregularly allowed the patta to be transferred to the purchaser's name.

6. The order of the Sub-Division Officer declining to cancel the sale was passed on 19th September 1894. The appeal to the Deputy Commissioner was filed in January 1895 and disposed of on 4th July 1895, and this appeal to Government was instituted on 11th September 1895. While the proceedings in connection with the revenue sale were pending the final orders of the Deputy Commissioner and Government, the purchaser, without taking steps under Section 187 of the Land Revenue Code, to obtain possession through the Deputy Commissioner of the land purchased, assigned over his alleged right under the revenue sale to first respondent Nanjundaiya and caused the latter to file a Civil Suit (No. 924 of 1894-95 on the file of the Seringapatam Munsiff's Court) and to obtain a decree for possession. As held by the Chief Court, in S. A. No. 32 of 1892, Venkatakrishnaiya vs. Subraya, Mysore Law Reports Vol. XVI, p. 18, a claim to recover possession of land sold for realization of revenue due to Government, is a claim of the kind falling under clause (c) of Section 221 of the Mysore Land Revenue Code and is not cognizable by a Civil Court. The decree of the Munsiff in the Civil suit aforementioned is therefore no bar to Government disposing of the present appeal.

7. For reasons already stated, Government consider that the revenue sale is tainted with fraud and irregularity and cannot therefore be upheld. It is accordingly cancelled and set aside.

(1) Petition No. 1327, dated 20th November 1897, from Sampannaiyanavara Marinarajappa of Nagarthapet, Bangalore, appealing against the order of the Deputy Commissioner, Bangalore district, fining him Rs. 5 for having closed a manual foot-path running through Survey No. 70.

(2) Letter No. 1302, dated 24th April 1898, from the Deputy Commissioner, Bangalore district, to the Secretary to Government of Mysore, Revenue and General Departments.

With reference to your Official Memo No. Pet.--718 of the 16th December 1897, forwarding for report a petition from Sampannaiyanavara Marinarajappa of Nagarthapet of Bangalore, appealing against the order of the late Deputy Commissioner, fining him Rs. 5 for having blocked up a foot-path running through his land Survey No. 70, in the Gunjur village, I have the honor to state as follows:—

2. During the jamaabandi of 1896-97, it was brought to the notice of the Deputy Commissioner that the petitioner had encroached upon, and cultivated a foot-path running through his land. For this offence he was fined Rs. 5 by the Deputy Commissioner on 6th May 1897, and was ordered to restore the path. The fine was recovered from the petitioner. The present appeal is against this order of the Deputy Commissioner.

3. The Amildar in his report No. 458 of the 4th January 1898 states that the petitioner was present at the time and was heard by the Deputy Commissioner before the above order was passed.

4. The petitioner states in this appeal to Government that the neighbouring Eurasian landholders have similarly closed the foot-path in their holdings, but that no action has been taken in their case. The only such individual is found to be the owner of Survey No. 84 (*vide* Amildar's report No. 793, dated the 29th March 1898). It appears from the map enclosed in the file

Petition, dated 23rd October 1898.

that the road from Gunjur to Kankanahalli (marked in red pencil in the map) is very close to the foot-path where the latter enters Survey No. 84, and it is stated that on this account the road is used in preference to the foot-path, and that therefore no inconvenience has been caused by the closing of the foot-path in Survey No. 84. It is further stated that it is some ten years since this foot-path was closed in this land.

5. The petition under report is returned with the Kanarese records connected with the case (3) Letter No. 10519—P. 1349, dated 2nd May 1898, from the Secretary to Government, General and Revenue Departments, to the Superintendent of Revenue Survey in Mysore.

In forwarding herewith a copy of Bangalore Deputy Commissioner's letter No. 1302, dated 6th April 1898, together with the Vernacular records, to be obligingly returned, I am directed to request you to favor Government with a report on the following points:—

- (1) Has kharab been deducted in the Survey Registers on account of the pathway running through Survey Nos. 70 and 84 of Gunjur village, Bangalore taluk?
- (2) If so, do the rules prohibit the ploughing up or closing of the pathway?
- (3) When such kharab has not been deducted, is there anything in the Revenue Rules to prohibit the occupant of the land from interfering with the pathway?
- (4) If there is any interference or obstruction in either case (cases 2 & 3), how is the occupant to be proceeded against? Will Section 59 of the Land Revenue Code apply to such cases, and if not, whether any other provision of the Code or Rules applies?
- (5) The practice of summarily fining the occupant in such cases being of general prevalence, would it be advisable to declare once for all that Revenue Officers cannot proceed summarily in such cases?

2. I am also to draw your attention in this connection to Government Proceedings No. 7038-45—Pet. 1393, dated 3rd February 1896 and to the order of the Chief Court in Criminal Revision Petition No. 219 of 1895-96, copies of which are forwarded herewith.

3. In this connection I may invite your attention to the opinion of the Government of Bombay quoted at P. 65, para 5 of Sathie's 2nd Edition of Bombay Act V of 1879.

(4) Letter No. 65, dated 23rd July 1898, from the Superintendent of Revenue Survey in Mysore.

I have the honor, as directed in your letter No. 10519—P. 1349, dated 2nd May 1898, to submit the following report:—

2. The "Phut kharab" deducted in Survey Nos. 70 and 84 of the village of Gunjur, Bangalore taluk, amounts to 25 guntas and 9 guntas, respectively. In the case of Survey No. 84 the 9 guntas are expressly stated to be on account of the pathway, but, in the case of Survey No. 70, the deduction is not expressly stated to be for a pathway, although, taken in conjunction with the fact that the pathway, a well defined one, passing through a great portion of the village lands, is shown on the map, there can be no reasonable doubt that the 25 guntas deducted include the pathway.

3. When a deduction as "Phut kharab" has been expressly made in a survey number, on account of a road or path, there cannot, I think, be the slightest doubt that Rule 16 of the Land Revenue Rules, framed under Section 48 of the Code, prohibits the obstruction of the road or pathway. The Deputy Commissioner may, under the last clause of Section 48, evict the holder who appropriates the land to prohibited purposes, but neither the Code nor the Rules under it provide for any fine or express punishment, unless Section 59 of the Code be held applicable, which in my opinion it cannot be. In Bombay the Rule about "Phut kharab" (Rule 48 under Section 48) is much clearer, and, for unlawfully cultivating land, the cultivation of which has been prohibited under Rule 48, the occupant or other person may, on conviction before a Magistrate, be fined up to Rs. 500. I imagine that a fine is rarely imposed for reasons which I shall give further on.

4. If Section 59 of the Mysore Land Revenue Code could be held applicable, the means of punishing, if necessary, any infringement of Land Revenue Rule 16 and Section 48 of the Code would be available. In Bombay (see G. R. "on Public roads"—Page 62 of Sathie's 2nd Edition) Section 61 (Mysore 59) was held inapplicable to land which forms part of a road. The opinion of the Bombay Government, to which you direct my attention, at page 65 of the same work, referred to alienated villages, but even admitting that the opinion of Bombay Government was that the wording of Section 61 "set apart for any special purpose" is not limited in its application to assignments under the Code, it will be seen that further on, at page 66, a very decided distinction is drawn between a public road and a private way or cart-track, the use of which is limited to a section of the public resident in the neighbourhood; to the latter class of road, Section 61 is held to be inapplicable. I hear that Section 59 of the Mysore Code cannot be held applicable to cases such as that now under discussion.

5. There is no doubt that Land Revenue Rule 16 is defective as regards those cases in which roads or pathways, although in communal use, have not had their area deducted as "kharab." Still I think that Rule 16 is sufficient, even in such cases, to justify the Deputy Commissioner in prohibiting any interference with the right of way generally, pending enquiry. An occupant would have no right to obstruct right of way on his own responsibility; he should obtain the orders of the Deputy Commissioner and if the right of way of the public was established, the area occupied by the road or path would be deducted. When the area of the road or pathway is already deducted in the Survey Registers as "Phut kharab," there cannot, as I have already remarked, be the slightest doubt of the applicability of Land Revenue Rule 16. No punishment is anywhere provided for the infringement of the Rule in question, and I am not sure that it is advisable to lay down any punishment.

6. The real fact is that disputes regarding right of way are very uncommon. The raiyats are quite aware of the trouble which would ensue from mutual aggression and retaliation in the matter of right of way, and they wisely arrange matters amicably amongst themselves.

Proceedings of the Government of Mysore,

7. I wish to point out that it is a common error, in framing rules such as those we are discussing, to regard ploughing or even cultivation, as obstruction. Pathways and even cart-tracks within fields are always ploughed up and even sown, and it would make it very hard on the cultivator to prevent him doing so, as it would increase the difficulty of his work, but the public very soon re-open the paths and tracks for themselves, and the cultivator makes no objection. This is a state of things every Revenue Officer must have noticed. It is a state of things, moreover, which explains how the classifiers may easily overlook the existence of a path at time of classification.

8. On the whole, I consider the general right of way a very difficult matter to regulate by rule, and I do not advocate any such attempt.

9. The Vernacular records to your letter under reply are herewith returned.

No. 2540-48—P. 298, DATED BANGALORE, 23RD SEPTEMBER 1898.

ORDER THEREON.—The appellant was fined by the Deputy Commissioner of Bangalore for an alleged encroachment upon, and cultivation of, a foot path running through his land, Survey No. 70, and for obstruction of the said pathway.

2. According to the report of the Survey Superintendent, 25 guntas have been deducted in No. 70 as phut kharab, though the deduction is not expressly stated to be for a road or pathway.

3. Rule XVI, framed under Section 48 of the Mysore Land Revenue Code, allows cultivation, free of assessment, of phut kharab provided such cultivation does not "obstruct roads, channels, and right of way generally." The mere cultivation of the excluded barren land cannot therefore constitute an encroachment or unauthorized cultivation, and the imposition of a fine for such act was illegal.

4. Then as regards the alleged obstruction, there is no complaint whatever by any one interested that the pathway was obstructed. The shanbhog reported that it had been ploughed up and planted with sugar-cane. Mere ploughing is no indication of occupying. Colonel Grant's opinion, as stated in para 7 of his letter, is quite in accordance with practice and has great force. It is in practice impossible (if not attended with great inconvenience and hardship) to stop ploughing on either side of a long, narrow and meandering pathway. It will be ploughed up and sown with the rest of the field, but those interested will yet be permitted to exercise their right of way. There is nothing to show in this record that such facilities were not allowed or removed in this case. As a matter of fact, voluntary "occupation" has not been proved, and in this view Government direct that the fine should be remitted and the amount, if recovered, refunded to appellant.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner of Bangalore District, with records
The Superintendent of Revenue Survey in Mysore
The Deputy Commissioners of other Districts for information.

PUBLIC WORKS

Proceedings of the Government of Mysore

No. 983-90—5477-84, DATED BANGALORE, 22ND SEPTEMBER 1898.

ORDER.—In the present condition of the public health in the Bangalore City, important works of special sanitation require urgent execution under the immediate orders of the Plague Commissioner.

2. Among works which require immediate execution by a special Engineer staff, the following are reported to be most important :—

- 1st. The getting up of Health and Segregation Camps, and caste and other hospitals, required for plague purposes.
- 2nd. The provision (in the old Silledar buildings or elsewhere, upon such terms as to cost, rent, &c., as may be prescribed by general or special order of the Plague Commissioner) of temporary accommodation for families wishing to remove from affected or suspected parts of the City.
- 3rd. The opening out of covered drains and the making of necessary connections so as to permit of their thorough daily cleansing, by the Municipal conservancy establishment.
- 4th. The immediate removals of existing buildings whose removal is required,
 - (a) for the drainage scheme under preparation by the Sanitary Engineer; or
 - (b) for purposes of improved ventilation, of the widening of lanes and of providing access to the scavenging establishment, in accordance with the General Improvement Scheme, the main features of which have already been approved by the Government.
- 5th. The lowering of the level of sub-soil springs where they are injurious to public health, and
- 6th. The marking out of streets and lanes for the proposed extension of the City together with provision for surface drainage and the formation of roads.

3. For the prompt satisfactory execution of the works above described, the Government resolve to amalgamate the establishment sanctioned for the Bangalore City Special Improvement Division with that of the Sanitary Engineer for Mysore.

4. The Sanitary Engineer is directed to give precedence to the abovementioned works in Bangalore City over all other works under him, and he will submit to the Government, a statement specifying the works under him in other parts of the Province, which he is compelled to postpone because of the works entrusted to him by this order.

5. The Engineer establishment for the carrying out of the abovementioned works in the Bangalore City, will be as follows:—

1. Mr. Staudish Lee, Sanitary Engineer, as Superintendent of the works.
2. Mr. D. Runga Rao, as Executive Engineer, and
3. The staff of Assistant Engineers and subordinates in the Sanitary Branch of the Public Works Department and the Bangalore Special Improvements Division.

6. Mr. Staudish Lee will apply, through the Plague Commissioner, for any additional establishment required to enable him to complete simultaneously and with the greatest possible expedition, the whole of the abovementioned works in the Bangalore City. The funds referred to in the Order of 10th May 1898, No. 14683-7—M. 3098, are assigned to the Bangalore Special Improvements Division, will be available for the execution of the said works. Additional funds, as required, will be sanctioned on application through the Plague Commissioner, subject to adjustment hereafter with the Municipality.

Public Works, dated 22nd September 1898.

7. The Deputy Commissioner will depute a competent Revenue Officer for acquisition of lands, houses, &c., and for handing over possession of the same to the Sanitary Engineer.

8. In regard to the work specified above, and of any other sanitary works required in the Bangalore City, the Sanitary Engineer will act under the orders of the Plague Commissioner, submitting to Government in the Public Works Department, prescribed estimates for sanction, accounts and returns in accordance with codal rules.

By Order,

D. McNEIL CAMPBELL, COL., R. E.,
Secy. to the Govt. of Mysore, P. W. D.

To—The Sanitary Engineer with Government.
The Plague Commissioner in Mysore.
The Secretary to Government, General and Revenue Departments.

The Examiner, P. W. Accounts of Mysore.
The Deputy Commissioner, Bangalore District.
The Senior Surgeon to Government of Mysore.

READ—

Government Proceedings No. 349-84—45-80, dated 25th January 1894, promulgating modified rules regarding the levying of rents on Government buildings occupied as residences.

No. 957-82—5442-67, DATED BANGALORE, 22ND SEPTEMBER 1898.

ORDER.—A case having occurred of an Officer refusing to occupy a house specially built for him at Government expense, Government direct that the following Rule be issued for future guidance:—

“If a building is provided for a Government Official as his residence, whether newly built, bought, or adapted for the purpose, that Official is bound to pay rent, even if he does not occupy it. But if the building is taken up by some other Official, the rent recovered from him will be deducted from the amount of rent payable by the Official for whom the house was intended.”

By order,

D. McN. CAMPBELL, COLONEL, R. E.,
Secretary to Govt. of Mysore, P. W. D.

To—The Superintending Engineers of Circles.
The Superintendent of Works, Marikanave.

RAILWAYS

Proceedings of the Government of Mysore

READ—

Railway Secretary's note, dated 8th September 1898, submitting for sanction Railway Budget Estimates for the official year 1898-99.

No. 812—Ry. 29, DATED BANGALORE, 19th SEPTEMBER 1898.

ORDER THEREON.—

I. OPEN LINE.

Under this, sums as noted in the margin, have been provided for capital

	Rs.	expenditure on the lines already constructed and owned by the State. It is explained that the heavy outlay to be incurred on the Kolar Gold Fields Railway is due to improving the alignment
Bangalore-Hindupur Railway	7,000	
Mysore-Nanjangud Extension	6,000	
Kolar Gold Fields Railway	2,77,000	

of 3·60 miles of that line and for re-laying the remaining length with new steel rails, and that on other lines with the exception of the Kabani bridge on the Mysore-Nanjangud extension, provision is made only for unforeseen works.

II. CONSTRUCTION.

1. *Birur-Shimoga Railway*.—The revised estimate (exclusive of Locomotive and Rolling and other Stock and Direction) amounts to Rs. 17,19,564 and the expenditure to end of last year Rs. 12,25,541. For the current official year a sum of Rs. 6,00,000 or Rs. 1,05,980 more than the revised estimate is provided. It is stated that this sum is likely to suffice for completing the line and that separate sanction of Government will be obtained to a re-revised estimate covering the excess.

2. *Asikere-Hassan Line*.—A sum of Rs. 50,000 is provided for preliminary operations. It is explained that the sufficiency or otherwise cannot now be definitely stated as sanction of the Government of India to the project submitted for the line may or may not be received during the year.

III. SURVEYS.

Under this head a sum of Rs. 22,000 is provided for surveying the following lines. It is remarked that separate sanction of Government to estimates for same will be obtained in due course:—

	Rs.
Hassan-Mangalore line	10,000
Makhdung-Chikballapur line	6,000
Bowringpet-Kolar line	6,000
Total	22,000

IV. GENERAL CHARGES.

Last year's actuals were Rs. 4,641 and it is reported that the sum of Rs. 6,000 provided for current year provides for actual requirements only.

2. With the foregoing brief notes the Railway Budget estimates aggregating Rs. 9,68,600 for the year 1898-99 made up of amounts as detailed below, is sanctioned. The re-revised estimate for the Birur-Shimoga line and abstract estimates for surveying the other proposed lines should be submitted to Government and sanction obtained thereto:—

	Rs.
i. Open line	3,90,600
ii. Construction	6,50,000
iii. Surveys	22,000
iv. General charges	6,000
Total	9,68,600

3. A copy of the Budget estimates is attached.

By Order,

D. McNEIL CAMPBELL, Col., R. E., Secy. to Govt. for Railways.

To—The First Assistant to the Resident in Mysore.

The Comptroller of Mysore.

The Examiner, P. W. and Railway Accounts.

The Secretary, P. W. D., Government of Mysore.

The Secretary, Revenue and General Departments.

The Executive Engineer, Birur-Shimoga Railway.
